

DIAMOND BAR ESTATES WATER COMPANY

Sheet 1 Revision 2

Replaces All Previous Sheets

METERED WATER RATES

Basic Charge

\$41.00 per billing period

Includes an allowance for the first 5,500 gallons of usage during the billing period

Commodity Charge

\$ 1.16 per 1,000 gallons in excess of 5,500 gallons

NOTE:

Bills for water service will be rendered monthly and are payable within fifteen (15) days of the billing date. The Basic Charge is the minimum charge for the billing period. For customers who have separate meters for domestic and irrigation usage, the usage for both meters will be added together before applying the 5,500 gallon allowance.

NON-RECURRING CHARGES

Reconnection Charge:

\$15.00 - when reconnection is requested during normal business hours

\$30.00 – when reconnection is requested for other than normal business hours

For purposes of reconnection, normal business hours are defined as between 8:00 AM to 5:00 PM, Monday through Friday, excluding holidays.

Applies when a customer requests reconnection following disconnection of service for non-payment.

Does not apply to seasonal installation of irrigation meters. Does not apply to situations where the customer requests disconnection to make repairs or prevent water damage to the customer's property. Also does not apply when service was disconnected by the Company for its convenience.

Insufficient Funds Charge: \$20.00

Applies when a customer tenders payment for utility service with a dishonored check or makes an electronic payment on an account with insufficient funds.

Late Payment Fee: One percent (1%)

Applies to the past due balance owing at the time of the next billing.

NEW CUSTOMER CONNECTION CHARGES

For a first time connection to the Diamond Bar Estates Water Company system when an existing Service line and meter base are already in place on the property, the cost is \$335.

If there is no service line tap to the Company's water mains or meter box in place on the property the cost is \$2500.

When the installation of a new service line requires the Company to bore a line under a road, all additional costs will be charged to the customer on a time and materials basis. New customers may, at their option, hire a Diamond Bar Estates Water Company approved independent contractor to perform the road bore and connection. The Company will require such contractor to show proof of bonding, licensing and insurance and have at least five (5) years of experience at hot tapping water lines. Diamond Bar Estates Water Company's Water Master will inspect and approve all the work being performed to insure compliance with the Company's installation requirements.

Issued August 29, 2016

**GENERAL RULES & REGULATIONS
FOR SMALL WATER UTILITIES****1. GENERAL**

- 1.1 The Customer, in receiving water service, and the Company, in providing water service, both agree to abide by these Rules and Regulations.
- 1.2 In the event that there is a conflict between the Company's Rules and Regulations and the Rules and Regulations Governing Customer Relations of Gas, Electric, and Water Public Utilities under the Jurisdiction of the Idaho Public Utilities Commission, the Rules and Regulations of the Commission shall take precedence unless an exception has been granted.
- 1.3 Any additions, deletions or modifications to these General Rules and Regulations are to be made in the "Special Provisions" section attached as Attachment 1. Any such changes are subject to approval by the Commission prior to becoming effective.

2. DEFINITIONS

- 2.1 Billing Period - the period of time between bills from the Company for normal services rendered.
- 2.2 Commission - Idaho Public Utilities Commission.
- 2.3 Commodity Charge - Recurring charge based only on the quantity of water used.

3.4 Special contracts may be required where large investments in special facilities are necessary to provide the requested service. The Company may require contribution toward such investment and establish such minimum charges as are deemed necessary. All such contracts are subject to the approval of the Commission.

3.5 The Company reserves the right to place limitations on the amount and character of water service it will supply and to refuse service to new Customers if, in its opinion:

- (a) The Company is required to refuse or limit service by regulatory authorities having jurisdiction over the Company.
- (b) The requested service installation is of larger size than is necessary to properly serve the premises.
- (c) The permanency of the building, structure, or institution requested to be served is such that the Company's investment in such service is jeopardized.
- (d) The depth of the Customer's service line is less than the minimum depth required for frost protection.
- (e) The Customer's proposed service, main or other appurtenance does not conform to good engineering design or meet the standard specifications of the Company.

8. CUSTOMER PLUMBING AND APPLIANCES

- 8.1 All plumbing, piping, fixtures and appliances on the Customer's side of the service connection shall be installed and maintained under the responsibility and at the expense of the Customer or owner of the premises.
- 8.2 The plumbing, piping, fixtures and appliances shall be maintained in conformity with all municipal, state and federal requirements. The nature and condition of this plumbing, piping and equipment shall be such as not to endanger life or property, interfere with service to other Customers or permit those with metered services to divert system water without meter registration.
- 8.3 A stop-and-waste valve must be installed on the Customer's plumbing in a place always accessible and so located as to permit shutting off the water for the entire premises with the least possible delay.
- 8.4 All persons having boilers, water tanks or other equipment supplied by direct pressure from the Company's mains should install a pressure relief valve, or other device to serve the same purpose, so as to prevent excess pressure from forcing hot water and/or steam back into the water meter and mains of the Company. All damage to the Company's property resulting from failure to properly equip Customer plumbing with a relief valve shall be billed to the Customer.

10. REPLACEMENT OR ENLARGEMENT OF SERVICE CONNECTION

- 10.1 Unless otherwise provided herein, the Company shall replace or enlarge service connections at its own expense, as follows:
- (a) Whenever it is necessary to change the location of any service connection due to relocation or abandonment of the Company's mains; and
 - (b) For commercial or industrial services where the type or volume of use has changed and the enlargement will result in sufficient increase in annual revenue to justify the enlargement.
- 10.2 The relocation, enlargement or reduction of service connections for the convenience of the Customer will be at the expense of the Customer. Prior to such relocation, enlargement or reduction, the Customer will deposit the estimated cost thereof with the Company. Within fifteen (15) days a refund will be made to the Customer in the amount by which the estimated cost exceeds the actual cost. The amount by which the actual cost exceeds the estimated cost shall be due and payable within fifteen (15) days after billing for such deficiency.
- 10.3 Enlargement of any service connection will be made only after such time as the Customer's plumbing inside his or her premises shall have been enlarged sufficiently to accommodate the additional capacity.

11. DISCONNECTION AND RECONNECTION OF SERVICE

11.1 When a Customer desires to discontinue service he shall give notice to the Company at least two (2) days in advance and shall be responsible for all water consumed for the two (2) days after the date of such notice.

11.2 The Company may discontinue a Customer's service on an involuntary basis only in accordance with UCRR.

11.3 When it becomes necessary for the Company to involuntarily discontinue water service to a Customer, service will be reconnected only after all bills for service then due have been paid or satisfactory payment arrangements have been made.

11.4 A reconnection fee will be charged each time a Customer is disconnected, either voluntarily or involuntarily, and reconnected at the same premises. The reconnection fee shall be paid before service is restored. Reconnection fees will not be charged for any situation or circumstance in which the Customer's water supply is disconnected by the Company for its convenience.

11.5 The Company reserves the right at any time, upon notice, to shut off the water for maintenance or expansion and, in emergencies, may do so without notice. The Company shall at all times use reasonable diligence and care to prevent interruption of said water service.
