BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

THOMPSON RIVER CO-GEN, LLC, a Colorado Company,	)	**CASE NO. AVU-E-05-7**
COMPLAINANT,	)	
vs.	)	
AVISTA CORPORATION dba AVISTA UTILITIES, a Washington Corporation,	)	**NOTICE OF VACATED HEARING**
RESPONDENT.	)	

On August 30, 2005, Thompson River Co-Gen, LLC (Thompson River; TRC) filed a Complaint against Avista Corporation dba Avista Utilities (Avista; Company) with the Idaho Public Utilities Commission (Commission). TRC is a cogeneration facility located in Thompson Falls, Montana. TRC represents that it is a self-certified qualifying facility (QF) as defined by the Public Utility Regulatory Policies Act of 1978 (PURPA). TRC requests an order requiring Avista to immediately complete the purchase of TRC's energy at the published non-levelized rate for fueled projects that under normal and average design conditions generate no more than 10 aMW in any given month.

On March 13, 2006, the Commission was apprised by letter from Staff counsel, Scott Woodbury, Deputy Attorney General, that pursuant to settlement discussions Avista and Thompson River have reached an agreement in principle on the substantive terms of a power purchase contract. On behalf of the parties of record, Mr. Woodbury requested that the technical hearing set for March 28-29, 2006 be vacated.

YOU ARE HEREBY NOTIFIED that pursuant to agreement of the parties and the Commission the technical hearing in Case No. AVU-E-05-7 previously scheduled to commence on March 28, 2006 is vacated.

DATED at Boise, Idaho this 28th day of March 2006.

Jean D. Jewell
Commission Secretary
