Dear Idaho Public Utilities Commission:

I am an Idaho Power customer and I support clean energy because I would like to live a long, happy life. Without the fear that I'm going to die from sun exposure, rising rides, starvation, and the list goes on. I would like for the inevitable heat death of the earth to not be in my lifetime. Then none of this would matter _••_/ just a thought. Thank you for your time.

Dear Idaho Public Utilities Commission:

I am an Idaho Power customer and I support clean energy because ...

1. I support local clean energy and helping Idahoans save energy;
2. I am concerned about climate change and want to reduce our use of fossil fuels like coal and gas. Idaho Power should not spend money on gas and instead invest in local Idaho resources.
3. I support Idaho Power's clean energy transition and want them to accelerate this change in Idaho.
