

## **DECISION MEMORANDUM**

**TO: COMMISSIONER KJELLANDER  
COMMISSIONER RAPER  
COMMISSIONER ANDERSON  
COMMISSION SECRETARY  
COMMISSION STAFF  
LEGAL**

**FROM: EDWARD JEWELL  
DEPUTY ATTORNEY GENERAL**

**DATE: AUGUST 14, 2020**

**SUBJECT: IN THE MATTER OF IDAHO POWER COMPANY'S APPLICATION  
TO ESTABLISH TARIFF SCHEDULE 68 – INTERCONNECTIONS TO  
CUSTOMER DISTRIBUTED ENERGY RESOURCES; CASE NO.  
IPC-E-20-30.**

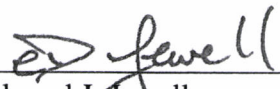

On July 20, 2020, Idaho Power Company ("Idaho Power" or "Company") filed an Application requesting authority to establish tariff Schedule 68, Interconnections to Customer Distributed Energy Resources ("Schedule 68"). The Company states its filing is intended to comply with the Commission's directives in Order Nos. 34046 and 34147 from Case No. IPC-E-17-13 related to smart inverter requirements and a non-export option. There, the Commission directed the Company to file proposed smart inverter requirements with the Commission within 60 days of the final adoption of Institute of Electrical and Electronics Engineers ("IEEE") standards 1547 and 1547.1, and to study implementation of a non-export option. Order Nos. 34046 at 31, 34147 at 16.

### **STAFF RECOMMENDATION**

Staff recommends the Commission issue a Notice of Application and Notice of Intervention Deadline setting a 21-day intervention deadline.

## COMMISSION DECISION

Does the Commission wish to issue a Notice of Application and Notice of Intervention Deadline setting a 21-day intervention deadline?
