Address: 167 So. 3rd West
Rigby, ID 83442

Name of Utility Company: Idaho Public Utilities

Case ID: PAC-E-19-08

Comment: "Solar generated power at individual homes is worth the same amount you charge of any power. And it allows individuals to be more self-reliant. The advantage to your company, is that you won't have to build expensive new power plants and infrastructure thereby saving you a lot of money. Please don't pass this bill!"
