**Re: CASE NO. PAC-E-20-17
IN THE MATTER OF THE APPLICATION FOR APPROVAL OR REJECTION
OF THE AMENDED POWER PURCHASE AGREEMENT BETWEEN
PACIFICORP AND SUNNY BAR RANCH**

NOTICE OF INTENT TO WITHDRAW APPLICATION

Dear Ms. Noriyuki:

Pursuant to Rule 68 of the Idaho Public Utilities Commission's Rules of Procedure, Rocky Mountain Power hereby notifies the Commission of its intent to withdraw the above referenced application.

On November 23, 2020, Rocky Mountain Power filed an application with the Idaho Public Utilities Commission in the above referenced matter, requesting approval of a one-year extension of the current contract. The contract is scheduled to expire on April 30, 2021, and Sunny Bar Ranch ("the Seller") expressed a desire to continue to make sales from the facility to PacifiCorp consistent with the requirements of the Public Utility Regulatory Policies Act of 1978 as implemented in the State of Idaho. However, at the time of the application the Seller was still in the process of securing a new stand-alone interconnection agreement and the Company did not know if the Seller would complete the necessary upgrades before the contract would expire; therefore an extension was filed to provide additional time for the Seller to complete the interconnection requirements.

Since filing the application, the Seller has secured the necessary interconnection agreement required for a new contract making this application unnecessary. Therefore, the Company respectfully withdraws this application. Once the terms of the new contract are final the Company will file a new application for approval or rejection of the new purchase power agreement.
