Comment: I am writing in opposition to the proposed purchase of Avista Utilities by HydroOne of Ontario, Canada. It is a matter of national security, and no foreign owned corporation or person should own or operate any part of our electrical grid, infrastructure, or dams. If, God forbid, a war were to happen over here, they could cut off our electricity as a weapon. Or they could breach our dams.  
Please deny this application.

Comment: I am writing to ask that you deny the application for the merger of Avista and HydroOne. I believe it is a matter of national security, and that no foreign owned company should own or operate any part of our electrical grid or natural gas infrastructure. These have the potential to be used as a weapon against us in a time of war.
