Electric Service Schedule No. 36 – Optional Time-of-Day Residential Service**

Dear Ms. Noriyuki:

Rocky Mountain Power, a division of PacifiCorp, hereby files Tariff Advice No. 23-01 to remove the Daylight Saving Time (“DST”) adjustment from the second Sunday in March to the first Sunday in April and from the last Sunday in October to the First Sunday in November. These one-hour adjustments are no longer needed since the advanced metering infrastructure (“AMI”) technology installation is nearing completion and the new meters are programmed with time congruent with the U.S. Energy Policy Act of 2005.

The Company is providing clean and legislative copies of the following revised schedules reflecting this correction:

- Electric Service Schedule No. 35 – Optional Time-of-Day General Service – Distribution Voltage
- Electric Service Schedule No. 35A – Optional Time-of-Day General Service – Distribution Voltage (Farm)
- Electric Service Schedule No. 36 – Optional Time-of-Day Residential Service

The Company respectfully requests that the Commission approve the requested tariff changes with an effective date of February 17, 2023. If you have any questions, please contact Mark Alder by phone at (801) 220-2313 or email [mark.alder@pacificorp.com](mailto:mark.alder@pacificorp.com).
