RE: Local Interconnection Agreement between ALLTEL Communications LLC and Project Mutual Telephone Cooperative Association, Inc.

Dear Mrs. Jewell:

ALLTEL Communications LLC ("ALLTEL") hereby submit for approval by the Idaho Public Utilities Commission ("Commission") the enclosed Interconnection and Traffic Exchange Agreement ("Agreement") which provides for interconnection and exchange of traffic between ALLTEL and Project Mutual Telephone Cooperative Association, Inc. ("PMT"). This agreement was reached through voluntary negotiations without resort to mediation or arbitration and is submitted for approval pursuant to Section 252(e) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 ("the Act") and the requirements of Idaho Administrative Code, 31.42. , Rule 408. Section 252(e)(2) of the Act directs that a state Commission may reject an agreement reached through voluntary negotiations only if the Commission finds that

- the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement, or
- the implementation of such agreement or portion is not consistent with the public interest, convenience and necessity.

Mrs. Jean Jewell  
October 26, 2007  
Page 2

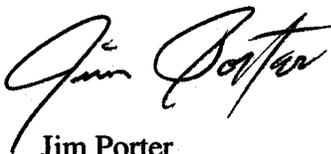

ALLTEL respectfully submits that the Agreement provides no basis for either of these findings, and therefore requests that the Commission approve the Agreement expeditiously. First, the Agreement does not discriminate against any other telecommunications carrier because ALLTEL has made the terms of the Agreement available to other carriers. Second, the Agreement is consistent with the public interest as identified in the pro-competitive policies of the State of Idaho, the Commission, the US. Congress and the Federal Communications Commission. The Agreement will enable the local connection to provide service to, and interconnect with, a greater number of telecommunications customers in Idaho. Expedious approval of this Agreement will facilitate immediate competition in the telecommunications market.

ALLTEL further requests that the Commission approve this Agreement without a hearing and without allowing the intervention of other parties. Because this Agreement was reached through voluntary negotiations, it does not raise issues requiring a hearing and does not concern other parties not a part of the negotiations. Expedious approval would further the public interest.

Enclosed are an original and seven copies of this filing as specified in IDAPA 31. 01.01(061 )(01)( c).

If you have any questions regarding this matter, please contact me per the information included above.

Very truly yours,

Jim Porter  
Senior Analyst-Carrier Relations

**2. Interpretation and Construction**

All references to Sections and Attachments shall be deemed to be references to Sections of, and Attachments to, this Agreement unless the context shall otherwise require. The headings of the Sections and Attachments are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of this Agreement. Unless the context shall otherwise require, any reference to any agreement, other instrument or other third Party offering, guide or practice, statute, regulation, rule or tariff is for convenience of reference only and is not intended to be a part of or to affect the meaning of a rule or tariff as amended and supplemented from time-to-time (and, in the case of a statute, regulation, rule or tariff, to any successor provision).

This Agreement is the joint work product of the Parties and has been negotiated by the Parties and shall be fairly interpreted in accordance with its terms and, in the event of any ambiguities, no inferences shall be drawn against either Party.

The Parties enter into this Agreement without prejudice to any position they may take with respect to similar future agreements between the Parties or with respect to positions they may have taken previously, or may take in the future in any legislative, regulatory or other public forum addressing any matters, including matters related to the rates to be charged for Transport and Termination of Traffic or the types of arrangements prescribed by this Agreement.

**3. Scope**

This Agreement is intended, *inter alia*, to describe and enable specific Interconnection and Reciprocal Compensation arrangements between the Parties. This Agreement does not obligate either Party to provide arrangements not specifically provided for herein.

This Agreement establishes the methodology for the exchange of and compensation for Traffic originated on the network of Alltel, transited via the network of a Third Party Provider and terminated on the network of PMT, or delivered directly to, and terminated by PMT, or originated on the network of PMT, transited via the network of a Third Party Provider and terminated on the network of Alltel, or delivered directly to, and terminated by Alltel.

Pursuant to this Agreement, the Parties will extend certain arrangements to one another as needed to meet the requirements of this Agreement. This Agreement reflects a balancing of interests critical to the Parties.

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Alltel Communications, Inc. and PMT Telephone Company  
Idaho

- 3.1 Each Party's NPA/NXXs and network routing information are listed in Telcordia's Local Exchange Routing Guide ("LERG"). The Operating Company Number ("OCN") for each Party in the state of Idaho are:
- 3.1.1 Alltel OCN: 5027, 6293
- 3.1.2 PMT OCN: 2231, 3816
- 3.2 The Parties have not addressed the basis for intercarrier compensation relating to enhanced services and Internet traffic. The Parties agree that such traffic between them, if any, is presently de minimis. If a Party has reason to believe that enhanced service and Internet traffic is not de minimis, that Party may reopen negotiations to determine an appropriate method for identifying, transporting, and determining the compensation for such traffic. If the Parties are unable to reach agreement, the matter shall be resolved using the arbitration procedures under the Act.
- 3.3 The Parties agree that this Agreement does not provide for the exchange of 911/E911 traffic.

**4. Interconnection Methods and Facilities**

This Section describes the methods with which the Parties to this Agreement may interconnect their respective networks for the Transport and Termination of Traffic.

- 4.1. Indirect Method of Interconnection. The Parties agree that in event of a failure in the direct interconnection between the parties described below, the parties may deliver traffic from its network through a Third Party Provider and thus be indirectly connected with the other Party for the delivery of Traffic originated on its network.
- 4.1.1. When traffic is indirectly exchanged via an originating Party's use of one or more Third Party Providers, the originating Party shall be responsible for the cost to deliver that Party's originated Traffic to the point where the terminating Party's network interconnects with the network of the carrier that delivers the Traffic to the terminating Party.
- 4.1.2. Each Party is individually responsible for negotiating their own agreements with any Third Party Provider.
- 4.2. Direct Interconnection.
- 4.2.1. Direct Interconnection facilities provide a trunk side connection between the Parties' networks. The Parties have agreed to establish a two-way Direct Interconnection at a mutually agreed upon POI in Rupert for the

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Alltel Communications, Inc. and PMT Telephone Company  
Idaho

exchange of Traffic between the Alltel and PMT networks, and have agreed that this method of interconnection shall be the primary connection between the Parties' networks.

- 4.2.2. The Parties shall provide each other a forecast of projected Traffic volume for each point of interconnection when significant changes in traffic patterns are anticipated. The Parties agree to work cooperatively to determine the number of trunks needed to handle the estimated traffic.
- 4.2.3. Alltel will accept 100 percent (100%) of the financial responsibility to deliver its originated traffic to and receive PMT originated traffic from the Direct Interconnection POI in Rupert.
- 4.2.4. PMT will accept 100 percent (100%) of the financial responsibility to deliver its originated traffic to and receive Alltel originated traffic from the Direct Interconnection POI in Rupert.
- 4.3. Additional Direct Interconnection Methods Available to Alltel. Alltel has purchased direct trunked transport from Syringa Networks (a Third Party Provider) for the delivery of such traffic. Alternatively, Alltel may provide its own facilities and transport for the delivery of traffic from its network to a POI within PMT's network.
- 4.4. Technical Requirements and Standards. Each Party will provide the services in this Agreement to the other Party at a standard at least equal in quality and performance to that which the Party provides itself and others. Either Party may request, and the other Party will provide, to the extent technically feasible, services that are superior or lesser in quality than the providing Party provides to itself, provided, however, that such services shall be considered special requests, and will be handled on a case-by-case basis.
- 4.5. Impairment of Service.
  - 4.5.1. The characteristics and methods of operation of any circuits, facilities or equipment of either Party connected with the services, facilities or equipment of the other Party pursuant to this Agreement shall not interfere with or impair service over any facilities of the other Party, its affiliated companies, or its connecting and concurring carriers involved in its services, cause damage to their plant, violate any applicable law or regulation regarding the invasion of privacy of any communications carried over the Party's facilities or create hazards to the employees of either Party or to the public ("Impairment of Service").

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Alltel Communications, Inc. and PMT Telephone Company  
Idaho

4.5.2. If either Party causes an Impairment of Service, the Party whose network or service is being impaired (the "Impaired Party") shall promptly notify the Party causing the Impairment of Service (the "Impairing Party") of the nature and location of the problem and that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be required. The Impairing Party and the Impaired Party agree to work together to attempt to promptly resolve the Impairment of Service. If the Impairing Party is unable to promptly remedy the Impairment of Service, then the Impaired Party may at its option temporarily discontinue the use of the affected circuit, facility or equipment.

**5. Routing of Traffic**

This Section provides the terms and conditions for the proper routing exchange of Traffic between the Parties' respective networks.

- 5.1. Indirect Connection via a Third Party Provider. As an alternative to routing Local Traffic covered by this agreement through a Direct Interconnection, in the event of a failure of the direct interconnection facilities, either Party may choose to temporarily route traffic from its network through a Third Party Provider to the terminating Party's POI with the Third Party Provider.
- 5.2. Mobile to Land Traffic – Direct Interconnection. Alltel shall be responsible for the delivery of Traffic from its network to the appropriate Point of Interconnection with PMT's network for the Transport and Termination of such traffic by PMT to one of its End Users.
- 5.3. Land to Mobile Traffic – Direct Interconnection.
- 5.3.1. PMT shall be responsible for the delivery of traffic from its End Users connected to its network to the appropriate Point of Interconnection with Alltel's network for the Transport and Termination of such traffic by Alltel to an End User.
- 5.3.2. PMT shall deliver all originating Local Service Area traffic bound for Alltel to the direct connection(s).
- 5.4. Dialing Parity and N-1 Carrier Obligations. Both Parties agree to adhere to dialing parity obligations including 'N-1 carrier' database query and routing obligations.
- 5.4.1. For any NPANXX line numbers assigned to Alltel that have a rate center associated with a Local, EAS, ELC, MCA exchange or similar program, PMT will route all land-to-mobile traffic to Alltel utilizing End User dialing patterns undifferentiated from those provided to any carrier's number assigned to the same rate center.

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Alltel Communications, Inc. and PMT Telephone Company  
Idaho

5.4.2. Each Party will ensure that number portability database queries are performed on all calls routed via Direct Interconnection.

**6. Compensation**

The Parties agree to the rates referenced in Attachment A for the services to be provided pursuant to this Agreement.

- 6.1. Local Telecommunications Traffic. The Parties shall reciprocally and symmetrically compensate one another for IntraMTA Traffic at the rates set forth in Attachment A Sections 1 and 2.
- 6.2. InterMTA Traffic. The Parties contemplate that they may exchange incidental volumes of InterMTA Traffic under this Agreement. Alltel shall compensate PMT for wireless to wireline InterMTA Traffic at its published interstate NECA access rates.
- 6.3. Direct Interconnection Facilities. Alltel will be responsible for direct trunk transport facilities to PMT's POI in Rupert, and shall pay to PMT channel termination charges at the rate of \$190 per DS1 per month.
- 6.4. Bill-and-Keep. The Traffic exchanged between the parties has been determined to be within plus or minus ten (10) percentage points of fifty (50) percent of the Traffic originated by both parties (i.e., within 40% to 60% of total two-way traffic), accordingly, all Traffic will be compensated using bill and keep, such that neither party shall bill the other pursuant to Attachment A, Sections 1, 2, and 3.

**7. Billing and Payment**

- 7.1. The Parties shall bill each other on a monthly basis for the services provided under this Agreement in accordance with the rates and charges set forth in Section 5 and Attachment A.
- 7.2. Each Party will only charge the other Party for actual usage, except that Alltel will be relieved of this obligation so long as the Reciprocal Compensation Credit method of billing is used.
- 7.3. In the event actual detailed billing records are not available (e.g. if traffic is routed via a Third Party Provider), summary billing reports may be utilized.
- 7.4. Usage measurement for calls shall begin when Answer Supervision or equivalent SS7 message is received from the terminating office and shall end at the time of call disconnect by the calling or called customer, whichever occurs first.
- 7.5. Minutes of use ("MOU"), or fractions thereof, shall not be rounded upward on a per-call basis, but will be accumulated over the billing period. At the end of the billing period, any remaining fraction shall be rounded up to the nearest whole

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Alltel Communications, Inc. and PMT Telephone Company  
Idaho

minute to arrive at total billable minutes for each Interconnection. MOU shall be collected and measured in minutes, seconds, and tenths of seconds.

- 7.6. Each Party shall include sufficient detail of MOUs on its invoices to enable the other Party to reasonably verify the accuracy of the usage, charges, and credits.
- 7.7. The Parties shall pay invoiced amounts within forty-five (45) days of receipt of the invoice. For invoices not paid when due, late payment charges will be assessed on the past due balance, until paid, at a rate equal to 12% per annum, except as provided in Section 7.14.
- 7.8. In the event the Traffic terminated on the Parties' respective networks is at or below 1,000 minutes per month, the Traffic shall be considered de minimus. The Parties agree that the only compensation for such de minimus Traffic will be in the form of the reciprocal Transport and Termination services provided by the other Party, and no billings will be issued by either Party.
- 7.9. Alltel may elect to use a Reciprocal Compensation Credit in lieu of submitting invoices to PMT for Reciprocal Compensation.
  - 7.9.1. Alltel shall provide PMT not less than sixty (60) days prior written notice when changing its election to use actual recorded MOU to bill PMT rather than receive the Reciprocal Compensation Credit. In such event, Alltel will be then responsible for measuring the monthly Telecommunications Traffic, measured by minutes of use, terminating into its network from PMT's network and shall bill PMT on a going forward basis using the rates set forth in Attachment A.
  - 7.9.2. The Reciprocal Compensation Credit amount shall be determined by PMT monthly, and reflected on the PMT invoice to Alltel as a credit against the amounts due and payable from Alltel to PMT.
  - 7.9.3. The reciprocal compensation credit will be calculated as follows: Divide the total number of monthly measured minutes of use originated by Alltel and terminated on PMT's network by the Mobile to Land Traffic Factor. The total calculation will then be multiplied by the Land to Mobile Traffic Factor to arrive at the total minutes of use terminated on Alltel's network per month. This monthly total will be multiplied by the rates set forth in Section 6.1 to obtain the Reciprocal Compensation Credit for the month. For example, PMT determines that 10,000 minutes of Alltel originated Traffic has been delivered to it in a given billing period: The Parties will assume that 8,182 minutes of land originated calls were delivered by PMT to Alltel for termination (10,000/.55 multiplied by .45).
  - 7.9.4. It is agreed that the Traffic Factors set forth on Attachment A Section 2 represent a reasonable estimate of the ratio of Traffic originated and terminated by the Parties, considering the anticipated mix of Traffic routed

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT

between the parties. Either Party may, at its option, request modification of the Factors, on a going forward basis, based on the results of a traffic study conducted for Traffic originated by or terminating to the Party's End Users. These factors may be modified, but no more than once annually. If the Parties are unable to reach agreement for modification of the Land to Mobile Factor, either Party may request resolution of the dispute pursuant to Section 35 of this Agreement.

7.10. Taxes. The Party collecting revenue shall be responsible for collecting, reporting and remitting all appropriate taxes associated therewith. PMT is responsible for taxes on PMT revenues and Alltel is responsible for taxes on Alltel revenues whether or not shown as a credit on the PMT invoice to Alltel.

7.11. Billing notices. All bills rendered by one Party to the other Party under this Agreement shall be delivered to the following locations.

Alltel Communications, Inc. c/o Control Point Solutions 3655 North Point Pkwy, Suite 200 Alpharetta, GA 30005 Attn: Erika Owens	Project Mutual Telephone Comp 507 G St, Rupert, Idaho Attn: Richard Brumley
---	--

7.12. Billing inquiries. All bill inquiries by one Party to the other Party under this Agreement shall be directed to the following locations.

Alltel Communications, Inc. Wholesale Billing Services Phone Number: 1-800-351-4241 Email: ACI.CABS.Alltel.com	PMT Telephone Company Contact Name: Richard Brumley Phone Number: 208-434-7124 Email: rbrumley @pmt.coop
---	---

7.13. Escalations. Each Party will provide to the other Party an escalation list for their respective billing department and the appropriate department with the authority to issue payment on a bill.

7.14. Disputed Amounts. If any portion of an amount due to a billing Party under this Agreement is subject to a dispute between the Parties, the billed Party shall within sixty (60) days of its receipt of the invoice containing such disputed amount give notice to the billing Party of the invoiced amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Parties agree that they will each make a good faith effort to resolve any Disputed Amounts in accordance with the Dispute Resolution process in Section 35 of this Agreement. The billed Party shall pay when due all undisputed amounts to the billing Party. A Party may, by notice, include a prospective notice of Disputed Amounts applicable to future invoices. If the Disputed Amount is resolved in favor of the billing Party, the billed Party

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Alltel Communications, Inc. and PMT Telephone Company  
Idaho

shall pay any unpaid Disputed Amount with late charges at the rate of twelve percent (12%) per annum calculated from the date the Disputed Amount was originally due upon final determination of such dispute.

**8. Notice of Changes**

If a Party contemplates a change in its network, which it believes will materially affect the inter-operability of its network with the other Party, the Party making the change shall provide at least ninety (90) day's advance written notice of such change to the other Party.

**9. General Responsibilities of the Parties**

- 9.1. The Parties are each solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan. Neither Party shall use any service related to or use any of the services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's customers, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.
- 9.2. Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.
- 9.3. Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of the Common Language Location Identifier ("CLLI") assigned to its switches.
- 9.4. Each Party shall use the LERG published by Telcordia or its successor for obtaining routing information and shall provide all required information to Telcordia for maintaining the LERG in a timely manner.

- 23.2. The Receiving Party shall use all commercially reasonable efforts to cooperate with the Disclosing Party in attempting to obtain any protective relief which such Disclosing Party chooses to obtain.
- 23.3. In the event of the expiration or termination of this Agreement for any reason whatsoever, each Party shall return to the other Party or destroy all Proprietary Information and other documents, work papers and other material (including all copies thereof) obtained from the other Party in connection with this Agreement and shall use all reasonable efforts, including instructing its employees and others who have had access to such information, to keep confidential and not to use any such information, unless such information is now, or is hereafter disclosed, through no act, omission or fault of such Party, in any manner making it available to the general public.

The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations.
