2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS

800 Service and 800 *SERVICELINE* Option

Denotes a toll-free service when the 8XX service access code (i.e., 800, 822, 833, 844, 855, 866, 877 or 888, as available) is used. The term 800/800-type service is used interchangeably with 800 Service and 800 *SERVICELINE* Option throughout this Catalog to describe this service.

Base Rate

The monthly rate that applies for a specific grade and class of exchange service located within a base rate area.

Base Rate Area

That portion or portions of an exchange within which specified classes and grades of basic exchange service are furnished at a charge that does not vary with the distance from the CO.

Building

A structure occupied by one or more customers.

Campus

A group of two or more buildings or spaces located on a single owned continuous or contiguous property.

Central Office (CO)

A switching unit providing telecommunication services to the general public, designed for terminating and interconnecting lines and trunks. More than one CO may be located in a building.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS

Central Office Connecting Facilities

A facility furnished to an Other Common Carrier by the Company between the terminal location of the Other Common Carrier and a point of connection on the Company premises.

Central Office District

The territory served by a CO or group of CO's, any one of which may serve any part of a district.

Central Office Line

See "Exchange Access Line."

Class of Service

A subgrouping of customers typically business, residence, or Public Access Line for the purpose of rate distinctions.

Code Ringing

The method of signaling stations on a party line whereby the bells of all or part of the stations on the circuit are rung whenever one station is signaled, signals of the respective stations being distinguished by a code made up of various combinations of short and long rings.

Company

Refers to Qwest Corporation, d/b/a U S WEST Communications, The Mountain States Telephone and Telegraph Company and Mountain Bell.

NOTICE

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Continuous Portions of a Building

Denotes spaces within a given building which are occupied by the customer and connected by doors, hallways, stairs or elevators and not separated by space occupied by others or used by the general public.

Continuous Property

Continuous property is defined as the land, including any building or buildings thereon, occupied by a customer that may be served without crossing a public street, right-of-way or the property of another. Noncontinuous property is treated as continuous if the customer furnishes a passageway which is suitable to the Company for the placing of wire facilities. Pipe and conduits are considered enclosed passageways.

Cost

Where the words cost or actual cost are used, they are intended to cover the actual cost of material, labor, and incidentals, plus a charge for administration.

Customer

A person, firm, corporation, or governmental agency responsible for paying the telephone bills and for complying with the rules and regulations of the Company.

Demarcation Point

The point of interconnection between the Company's telecommunications facilities and terminal equipment, protective apparatus or wiring at a premises. The demarcation point location will be within twelve inches (12") of the protector, or when there is no protector, within twelve inches (12") (or as close as practicable) of the point at which the cable/wire enters the customer's premises.

Design Service

A service that is not immediately available for provisioning and requires treatment, equipment or engineering design (e.g., ISDN-PRI, DS1, Private Line, Foreign Exchange Service).

(N)
|
(N)

Drop Wire

Wires between an open wire lead, aerial, or underground cable terminal and the point of entrance to the building in which the customer's service is located.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Entrance Facilities

Those facilities from the property line to the point at which the cable terminates at the protector.

Exchange

A geographical unit, established by the Company, for the administration of telecommunication services in a specified area.

Exchange Access Line

All of the Company's CO equipment and outside plant facilities that are needed to connect the service CO to and including the Company provided Network Interface or equivalent.

Exchange Access Line Type

- Individual main telephone service.
- Companion line service, which is normally provided in a group of two or more lines so arranged that when a busy line is dialed the CO equipment will automatically select another line.
- Trunk line service, which is an offering of CO lines which connect an automatic call distributing system, PBX system, or other (dial) automatic switching system at the customer's premises to the CO.

Exchange Service

The service of furnishing equipment and facilities for telephone communications within a designated area.

Exchange Service Area

The territory served by an exchange.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Exchange Zone

One of a series of specified areas, beyond the base rate area of an exchange, in which service is furnished at rates in addition to base rates.

Facilities

Central office equipment, supplemental equipment, apparatus, wiring, cables (outside plant feeder and distribution) and other material and mechanisms necessary to or furnished in connection with telephone service.

Flat Rate Service

An exchange service for which a specified rate is charged, regardless of the amount of local use.

Grade of Service

The term used to describe exchange service with respect to the number of main telephones which may be connected to a CO line or to designate a specific type of exchange service, i.e., individual line, PBX, rural, service station service, etc.

Individual Line

An exchange access line designed for the connection of one main station.

(D)

(D)

Local Exchange Service

The furnishing of telecommunication services to the Company's customers within an exchange for local calling. This service also provides access to and from the telecommunication network for long distance calling.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.1 DEFINITION OF TERMS (Cont'd)**Local Service Area or Extended Local Service Area

That area throughout which an exchange service customer, at a given rate, may make calls without the payment of a toll charge. A local service area may be made up of one or more exchange areas.

Maintenance of Service

Maintenance of Service denotes an occurrence of a visit to a customer's premises in connection with a service difficulty when it is determined that the difficulty is due to a condition in customer-provided facilities, terminal equipment, a communication system or for customer-maintained premises wire. When a Maintenance of Service visit is made, Premises Work Charges will apply only for complex services.

Measured Rate Service

The type of exchange service provided at a monthly rate with additional usage charge for each local message based on distance, time of day, duration and frequency.

Message Rate Service

The type of exchange service provided at a monthly rate with an additional charge for each local message.

Message Unit

A unit of measurement used in charging for local message rated calls.

Minimum Point of Entry

The closest practicable point to where telephone facilities cross a property line or enter a building.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.1 DEFINITION OF TERMS (Cont'd)**Minimum Point Of Presence (MPOP)

A service interface point established inside the customer's property. One network interface point per property will be provided prior to September 1, 1996, see 2.8, Cable, Wire and Service Termination Policy. The customer or property owner is responsible for all cable past the MPOP in the same building and for cable between buildings on the customer's property.

Miscellaneous Common Carrier

A communications common carrier which is engaged in providing service by radio through a base station authorized by the Federal Communications Commission but who does not also provide a public land wire telephone service.

Multiline Telephone Systems (Key Telephone Systems)

- Multiline Telephone Service is an arrangement consisting of common equipment, line equipment, station sets, and wiring located on the customer's premises, or another premises of the same customer which allow stations to selectively answer, originate, or hold calls over individual CO lines, WATS lines, FX lines, PBX station lines or Centrex station lines, etc.
- Direct access to a line is provided by the operation of a button or key which may be mounted separately or internal to the station apparatus.
- This service may include multiline station sets and suitably equipped single line sets and other features such as illumination, intercommunication, etc.

Network Control Signaling

Transmission of signals used in the telecommunications system which perform functions such as supervision (control, status, and charging signals), address signaling (e.g., dialing), calling and called number identification, audible tone signals (call process signals indicating reorder or busy conditions, alerting, coin denominations, coin collect and coin return tones) to control the operating of switching machines in the system.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Network Facilities

All Company facilities from the central office up to and including the Standard Network Interface at the demarcation point.

Network Interface

See "Standard Network Interface".

Network Premises Work Charge

A time-sensitive one time Charge billed to the customer for work performed by a Company employee or representative for work done on the customer's premises on the Company side of the network interface. Does not include the work required to establish or reestablish access service.

Party Line Service

A single exchange access line which serves more than one customer. Each customer has a different telephone number and the calls are determined by code ringing. Two-party line service is the connection of two main stations and four-party line service is the connection of four main stations, etc.

Premises

See "Same Premises."

Premises Work Charge

A time-sensitive one time charge that applies to customer requested work done by the Company on the customer's side of the Network Interface.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Privacy

Provides the station user with sole access to the line and prevents others from entering the connection.

Protector

An electrical device located in a central office, a customer premises or anywhere along the telephone facility path. This device protects both the Company's and the customer's property and facilities from high voltages and surges in current.

Public Access Line Service

Public Access Line (PAL) Service is provided for use with Payphone Service Provider (PSP) pay telephones at locations accessible to the public, subject to the availability of existing central office facilities and special operator equipped locations, as appropriate, e.g., Traffic Operator Position System (TOPS).

Same Building

Same building means a structure under one roof, or two or more structures under separate roofs, throughout which there is general access by means of doors, elevators, stairways, enclosed passageways or continuous corridors. Sidewalks, driveways, heating and utility tunnels, pipes and conduits are not considered enclosed passageways.

Same Household

Those who dwell as a family under one roof, including relatives and not more than four other persons residing with the family and participating in the common use of such facilities as dining room, kitchen, living room, etc. Premises occupied by any group of four or less persons functioning in the same manner as a family are also considered as the same household.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.1 DEFINITION OF TERMS (Cont'd)**Same Premises

All the space in the same building in which a customer has the right of occupancy to the exclusion of others or shares the right of occupancy with others; and all space in different buildings on continuous property, provided such buildings are occupied solely by one customer. Foyers, hallways, and other space provided for the common use of all occupants of a building are considered the premises of the operator of the buildings.

Service and Equipment Charge

The service and equipment charge is a nonrecurring charge associated with a given service or item of equipment which applies on a per-service and/or a per-item basis each time the service or item of equipment is provided or changed.

Service Station Service

- Service station service is an exchange line furnished to a remote area outside the base or locality rate areas and generally within the exchange area where it is not practical for the Company to make facilities available. CO switching only is contemplated. The CO line beyond an agreed upon junction point at or near the base or locality rate area boundary, is furnished and maintained by the customer.
- Toll station service provides for connecting customer owned and maintained telephone lines and equipment to Company toll line facilities by means of a switching device located at a toll station.

Service Terminating Arrangement

Company-provided equipment which terminates exchange telecommunications service at a customer's premises. The service terminating arrangement provides a clearly delineated interface which facilitates the design, isolation, and testing of the telecommunications network. Where a protective connecting arrangement is required, the service terminating arrangement is provided as a part of the protective connecting arrangement.

See Design Service

(N)

Standard Network Interface (SNI)

A standard F.C.C. registration jack or its equivalent, which is provided, installed, owned and maintained by the Company at the customer's premises. The SNI is placed at the point on the customer's premises where all premises services are connected to the telecommunication's network via Company or customer owned facilities/wire.

Station

A signaling unit and other type equipment at the customer's premises which allows the customer to establish communication.

Supporting Structure

Consisting of, but not limited to, pipes, conduits, poles, trenches, backboards, plenum spaces, etc.: as required for the physical placement, protection and support of telephone facilities. These structures are furnished, installed and maintained at the expense of the premises owner for use by the Company in terminating facilities.

Telecommunications Service Priority (TSP)

Denotes the regulatory, administrative, and operational system developed by the Federal Government to ensure priority provisioning and/or restoration of National Security Emergency Preparedness (NSEP) telecommunications services. The Federal Communications Commission (FCC) defines NSEP telecommunications services as those services which are used to maintain a state of readiness or to respond to and manage any event or crisis, which causes or could cause harm to the population, damage to or loss of property, or degrades or threatens the NSEP posture of the United States. TSP regulations, rates and charges applicable to Exchange and Network Services are found in Section 12 of the Access Service Catalog

2.1 DEFINITION OF TERMS (Cont'd)

Type of Service

Flat rate service, measured rate service, and message rate service.

Urban Service

Any of the grades of service regularly furnished inside base or locality rate areas, or outside base or locality rate areas at base or locality rates plus zone connection charges.

Wire Center

The building which houses the local switching equipment (Central Offices) from which exchange and private line services are furnished and where cable facilities are terminated which furnish telephone service within a designated wire center serving area.

- Primary Wire Center

The wire center in a multi-wire center exchange in which most interchange circuits terminate.

- Serving Wire Center

The wire center from which service is provided to the customer.

Wire Center Serving Area

The area of the exchange area served by a single wire center.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE**

These regulations are added to those pertaining to specific service items in other sections.

2.2.1 APPLICATION FOR SERVICE

1. Applications for establishment of telephone service may be made to the Company orally or in writing. These applications become contracts upon approval or establishment of the service and shall be subject at all times to the rates, charges and regulations of the Company.
2. Requests from customers for additional service may be made orally or in writing and, upon approval or installation of the service, become a part of the original contract, except that each such additional item is subject to the appropriate rates, charges and initial contract period, if any.

A. Refusal

1. The Company reserves the right to refuse an application for service made by a present or former customer who is indebted to the Company for telephone service previously furnished, until the indebtedness is satisfied.
2. Service will be denied and/or disconnected when it reasonably appears to the Company that a customer has employed subterfuge to obtain service. Subterfuge shall include, but shall not be limited to, the establishment of service by an applicant or a responsible party, who is acting alone or with others, to establish telephone service which materially benefits a person or entity who has previously failed to pay an amount due for similar utility service. Service disconnected as a direct result of subterfuge will be reinstated only upon payment of sums due to the Company, in addition to charges applicable for restoral or for obtaining new service, as appropriate.

2.2 ESTABLISHING AND FURNISHING SERVICE

2.2.1 APPLICATION FOR SERVICE (Cont'd)

B. Cancellations and Deferments

(C)

1. When an application or request for service, for which the minimum contract period is longer than 1 month, or special engineering, is canceled in whole or in part before service is established, the applicant or customer is required, on demand, to reimburse the Company for all expense incurred in connection with the application for service and the installation of the required equipment and facilities before notice of cancellation is received. Such charges are not to exceed the installation, construction and termination charges otherwise applicable if the service had been established.
2. Where an order for service with 1 month minimum contract period, or with no minimum contract period specified, is canceled before establishment of service is completed and the cancellation is not caused by the Company, a charge equal to the costs incurred by the Company not to exceed the minimum installation charge specified, is applied if all or a portion of the equipment or facilities has been installed.
3. When application for a service which has no general public application, requiring a special assembly of equipment, is canceled in whole or in part before the service is established, the applicant or customer is required, on demand, to reimburse the Company for all expenses which were incurred in connection with the application for and/or installation of service including but not limited to engineering costs, and which were incurred prior to notice of cancellation. This reimbursement practice will apply to all special assembly requests with the exception of inquiries.
4. **A customer may cancel an order for the installation of a Private Line or Design Service at any time prior to notification by the Company that service is available for use. The cancellation date is the date the Company receives written or verbal notice from the customer that the order is to be canceled. The verbal notice must be followed by written confirmation within ten (10) days. If a customer is unable to accept service within 30 calendar days after the latest agreed upon service date, the following will occur:**

2.2 ESTABLISHING AND FURNISHING SERVICE

2.2.1 APPLICATION FOR SERVICE

B. Cancellations and Deferments

4. A customer may cancel.... (Cont'd)

- The order will be canceled and cancellation charges will apply if the service has not been fully provisioned; or
- The order will be completed and billing for the service will commence if the service has been fully provisioned or the customer has indicated that billing for the service should begin.

Cancellation charges are based on the estimated costs incurred by the Company at the time the order is cancelled, unless defined otherwise for a specific service.

5. Service Date Change

Service dates for the installation of Private Line and Design services (e.g., Integrated Service Digital Network) or rearrangements of existing services may be changed, but the new service date may not exceed the original service date by more than sixty (60) calendar days.

When for any reason, the customer wishes to change the service date, the customer should notify the Company before the original service date, to request a different service date.

If the customer requested service date is more than sixty (60) calendar days after the original service date, the order will be cancelled by the Company and reissued with the appropriate cancellation charges applied, unless the customer indicates that billing for the service should commence. Failure to notify the Company prior to the latest agreed upon service date to request a different service date may result in the application of a Network Premises Work Charge as set forth in Section 3.

A new service date may be established that is prior to the original service date if the Company determines it can accommodate the customer's request without delaying service dates for orders of other customers.

If the service is changed to an earlier date, the customer will be notified by the Company that an Expedited Order Charge may apply.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE****2.2.1 APPLICATION FOR SERVICE (Cont'd)****C. Use of Service**

Customer telephone service, as distinguished from Public Access Line Service, will be furnished only:

1. In business establishments for communications by the customer, his immediate family, or by employees and representatives upon the customer's business except as the use of the service may be extended to where regular flat rate PBX or Centrex Service is provided to hospitals where patient room telephones are required or to customers who resell/share local exchange service.
2. In residences, for communication by the customer, the members of his immediate family, his employees, and not more than four roomers, boarders, roommates, or others residing in the close circle of the customer's household.
3. The Company reserves the right to refuse to install customer service or to permit such service to remain on premises of a public or semipublic character when the instrument will be or is so located as to be accessible for use by the public in general or by patrons of the customer, except as provided in the Public Access Line Service and Resale/Sharing of Company Services documents.
4. A customer shall not provide switched voice or data communications between local exchange areas, including the bridging of Extended Area Service (EAS) zones, using underlying services from this Catalog. Providers of interexchange service, that furnish service between local calling areas, must purchase services from the Access Service Catalog for their use in furnishing their authorized intrastate telecommunications services to end user customers. If a customer violates this regulation, and has not placed an order for necessary services from the Company's Access Service Catalog for immediate installation within 14 days of notice from the Company, the Company shall immediately disconnect such services purchased from this Catalog.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.2 ESTABLISHING AND FURNISHING SERVICE (Cont'd)

2.2.2 OBLIGATION TO FURNISH SERVICE

1. The Company's obligation to furnish service or to continue to furnish service is dependent on its ability to obtain, retain, and maintain suitable rights and facilities, without unreasonable expense, and to provide for the installation of those facilities required incident to the furnishing and maintenance of that service.
2. Such connections are also subject to the availability of required facilities.
3. When such connections are requested and facilities to provide the required connections at the CO normally designated to serve the premises are inadequate, facilities may be furnished from another CO to provide the requested interconnection. Under such circumstances additional monthly rates and installation charges will apply.

2.2.3 60 DAY PRODUCT GUARANTEE

1. The 60 Day Product Guarantee allows residence customers who are new subscribers to a covered product(s) and are not completely satisfied with that covered product(s) to receive a credit for all applicable paid charges.
2. If a new customer of a covered product(s) is not satisfied with the covered product(s) that was ordered, and so notifies the Company within 60 days of the installation of that covered product(s) and requests disconnection of that product, then that customer will receive a credit for all applicable paid charges.
3. The 60 Day Product Guarantee does not include and will not apply to any service, feature, product, or offering that is offered, provided, made available, or the subject of a separately negotiated contract, understanding, or agreement.
4. The 60 Day Product Guarantee does not include and will not apply to the following products and services of the Company:
 - Optional Toll Calling Plans
 - Directory Assistance
 - IntraLATA Toll Service
 - Any service, product, or an offering of the Company that is not offered and provided as a local, intrastate service offering provided under and in accordance with this Catalog.

- Customer Access Line Charge (CALC)
- State Assessed Charges (i.e., 911 Surcharge)
- 900 Service
- Toll Service provided by others
- Access Charges, features, or services that are provided as part of or pursuant to an access catalog.
- Equipment, facilities, telephone sets, instruments or the like provided by another.

The following services have separate guarantees that apply to them:

- Basic Wire Maintenance
- Line Backer Service
- Line Backer Plus Service
- Time and Material Services

6. The Company may refuse to return a customer's applicable paid charges where the customer has previously ordered that same or similar product(s) or service(s) and cancelled such same or similar product or service.

2.2.4 LIMITED COMMUNICATION

The Company reserves the right to limit use of communication services when emergency conditions cause a shortage of facilities.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE (Cont'd)****2.2.5 RESALE OF SERVICE**

Except as otherwise provided in this document, service furnished by the Company is intended only for communications in which the customer has a direct interest and shall not be used for any purpose for which payment or other compensation shall be received by him from any other person, firm or corporation for use, in the collection, transmission or delivery of any communication for others.

Resale/Sharing of service is allowed pursuant to the terms of 5.3.4, 5.4.3, 5.5.7, 5.10, 6.1.1.D.1, 9.4.4, 10.10.1, 10.10.2 and 10.10.4, following.

2.2.7 ASSIGNING AND CHANGING OF TELEPHONE NUMBERS

1. The customer has no property right in the telephone number nor any right to continuance of service through any particular CO, and the Company may change the telephone number or CO designation of a customer whenever it considers it desirable in the conduct of its business.
2. In any case where existing service is continued for a new customer, the telephone number may be retained by the new subscriber only if the former customer consents and an arrangement acceptable to the Company is made to pay all outstanding charges against the service.
3. The following service and equipment charge applies to change a telephone number of a CO line or trunk at the customer's request. No charge applies to change the telephone number due to annoyance calls, or Company initiated number changes.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE (Cont'd)****2.2.10 TEMPORARY SUSPENSION OF SERVICE - CUSTOMER INITIATED****A. Description**

Upon the request of the customer, one or all of their exchange access lines/trunks may be temporarily suspended so that inward, outward, and intercom calls can not be made. All features and services associated with a suspended access line/trunk would also be temporarily suspended.

Suspension of service allows the customer to retain their directory listings(s).

B. Terms and Conditions

1. Any class of business or residence service, flat, measured or message rate, may be suspended except as specifically precluded elsewhere.
2. Suspension of service may begin or terminate on any day of the month provided sufficient notice is given in advance for arrangements to be made.
3. When a service is suspended, persons calling the number of the suspended service will hear a recorded announcement. At the customer's request, the recorded announcement will provide a forwarding number. The customer assumes all risks in connection with the forwarding number and no liability attaches to the Company by reason of failure to complete a particular call.
4. Services provided out of the Private Line Transport Services Catalog, e.g., Foreign Exchange (FX), Foreign Central Office (FCO), off-premises lines, and exchange service extension lines, may not be suspended.
5. Services provided under contract, e.g., payment plans, are not eligible for suspension.
6. Calling cards may be used while the line(s)/trunk(s) is suspended.
7. The customer may suspend service any time after service has been established. No minimum period for service applies and no minimum period for suspension applies.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE (Cont'd)****2.2.11 SPECIAL SERVICES**

1. Where equipment, facilities, or service arrangements are requested which are not provided for within this Catalog, monthly rates and one-time charges such as installation, nonrecurring service and equipment and construction charges will apply based on the circumstances in each case.
2. These special equipment and service items will be provided whenever, in the judgment of the Company, there is a valid reason for providing the service requested. In such cases, the Company reserves the right to require an initial contract period longer than 1 month at the same location.
3. For the purpose of encouraging customers to try different telecommunication services, the Company may, with respect to any of its services or products in this Catalog, offer a temporary waiver or partial waiver of any nonrecurring, usage or monthly rate. The Company may also offer incentives, benefits or gifts to customers to encourage the purchase or retention of any such service or product. All such offers are subject to facility availability. Customers will be notified of the availability and duration of such offers, however, such offers will not constitute price changes.
4. The rates and charges specified contemplate that work will be performed during regular working hours and that work once begun will not be interrupted by the customer. If, at the request of the customer, work is performed outside of regular working hours, either to meet his convenience or because the time allowed is insufficient to permit completion during regular hours or if the customer interrupts work which has begun, the customer may be required to pay any additional costs incurred.

2.2.13 EMPLOYEE CONCESSION

(N)

The same rules and regulations are applicable to employees and retirees of the Company as are applicable to the general public. Certain telephone services will be furnished to Company employees and Company retirees at reduced rates as authorized by Company practices and procedures.

(C)

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Exchange Zone

One of a series of specified areas, beyond the base rate area of an exchange, in which service is furnished at rates in addition to base rates.

Facilities

Central office equipment, supplemental equipment, apparatus, wiring, cables (outside plant feeder and distribution) and other material and mechanisms necessary to or furnished in connection with telephone service.

Flat Rate Service

An exchange service for which a specified rate is charged, regardless of the amount of local use.

Grade of Service

The term used to describe exchange service with respect to the number of main telephones which may be connected to a CO line or to designate a specific type of exchange service, i.e., individual line, PBX, rural, service station service, etc.

Individual Line

An exchange access line designed for the connection of one main station.

(D)

(D)

Local Exchange Service

The furnishing of telecommunication services to the Company's customers within an exchange for local calling. This service also provides access to and from the telecommunication network for long distance calling.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE****2.2.1 APPLICATION FOR SERVICE (Cont'd)****C. Use of Service**

Customer telephone service, as distinguished from Public Access Line Service, will be furnished only:

1. In business establishments for communications by the customer, his immediate family, or by employees and representatives upon the customer's business except as the use of the service may be extended to where regular flat rate PBX or Centrex Service is provided to hospitals where patient room telephones are required or to customers who resell/share local exchange service. (C)
2. In residences, for communication by the customer, the members of his immediate family, his employees, and not more than four roomers, boarders, roommates, or others residing in the close circle of the customer's household.
3. The Company reserves the right to refuse to install customer service or to permit such service to remain on premises of a public or semipublic character when the instrument will be or is so located as to be accessible for use by the public in general or by patrons of the customer, except as provided in the Public Access Line Service and Resale/Sharing of Company Services documents.
4. A customer shall not provide switched voice or data communications between local exchange areas, including the bridging of Extended Area Service (EAS) zones, using underlying services from this Catalog. Providers of interexchange service, that furnish service between local calling areas, must purchase services from the Access Service Catalog for their use in furnishing their authorized intrastate telecommunications services to end user customers. If a customer violates this regulation, and has not placed an order for necessary services from the Company's Access Service Catalog for immediate installation within 14 days of notice from the Company, the Company shall immediately disconnect such services purchased from this Catalog.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.2 ESTABLISHING AND FURNISHING SERVICE (Cont'd)

2.2.14 TERMINATION OF SERVICE

A. Initial Contract Periods

1. An initial contract period of 1 month will apply to all CO lines to which telephone numbers are assigned.
2. For directory additional listings where the listing appears in the directory, both the initial and subsequent contract periods will be coextensive with the directory period. (C)
3. Where service is disconnected and subsequently reestablished at the same location for the same or a different customer, a new initial contract period will apply, whether or not the equipment has been removed. However, where there is a transfer of service from one customer to another without lapse in the rendition of service and the same business is continued, a new initial contract period will not apply, except that the succeeding customer will be required to assume responsibility for any unexpired portion of the initial contract period.
4. Where the provision of service requires unusual costs or involves special assemblies of equipment, or where the provision of service requires construction of outside plant facilities for possible short term use, the Company reserves the right to require an initial contract period of longer than one month in addition to any construction charge that may be applicable.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.2 ESTABLISHING AND FURNISHING SERVICE

2.2.14 TERMINATION OF SERVICE

B.3. (Cont'd)

c. Where the rated items of equipment associated with other services to which a termination charge applies, are disconnected within the initial contract period and like items of equipment have been added subsequent to the initial installation, termination charges for the items disconnected will be computed on the basis that the equipment removed was the last of its kind installed.

d. In the case of Centrex Service, the termination charge is an amount equal to the minimum monthly rate for the unexpired portion of the initial contract period.

e. Battery Operated Power Equipment

In the case of battery-operated power service provided for certain Multiline Telephone Systems, the termination charge is an amount equal to one-half of the regular monthly rate specified for the power service for the unexpired portion of the initial contract period.

f. Where the provision of service requires construction of outside plant facilities for possible short term use, or involves unusual costs or special assemblies of equipment, the initial contract period and termination charge base will be determined by the Company in each individual case. The amount of the termination charge actually billed is such proportion of the termination charge base as the number of days in the unexpired portion of the initial contract period bears to the total number of days in the full initial contract period.

4. Initial contract period of three years

a. An addition of rated items of equipment to a regular PBX system is subject to the same initial contract period and termination charge treatment as applies to the PBX system with which it is associated. A separate initial contract period is applicable to each such addition.

b. In connection with the disconnection of dial switched on step-by-step dial systems where five or less selectors, selector-connectors or connectors are disconnected, no termination charges will be applicable; where more than five such items are disconnected regular termination charges will apply to all the items disconnected.

C. Application of Initial Contract Periods and Termination Charges in Connection With Changes in Class or Grade of Service

1. Where the initial contract period is one month for both the old and new services, a new contract period will not apply in connection with a change in class or grade of service.
2. Where the initial contract period is longer than one month for both the old and new service the customer is required to pay the termination charge applicable to the old service and apply for a new contract for the new service.
3. Where the initial contract period is one month for the old service and longer than one month for the new service, a new initial contract period will apply. If the change occurs during the initial contract period for the old service, termination charges will not be applicable.
4. Where the initial contract period is longer than one month for the old service and one month for the new service, a new initial contract period will not apply. However, if the change occurs during the initial contract period of the old service, termination charges will apply.

D. Termination Liability/Waiver Policy

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.2 ESTABLISHING AND FURNISHING SERVICE****2.2.14 TERMINATION OF SERVICE****D. Termination Liability/Waiver Policy (Cont'd)****1. Definitions****Minimum Billing Level**

When services are provided under a service agreement, a Minimum Billing Level will be established for use in calculating discontinuance charges. The Minimum Billing Level is 100% percent of the total monthly rates for the service provided under the customer's service agreement, unless otherwise specified.

Minimum Service Period

When services are provided under a service agreement, a Minimum Service Period may be established. This would be the period of time that the 100% factor of the Termination Liability Charge would apply.

2. Complete Disconnect

If the customer chooses to completely discontinue service, at any time during the term of the agreement, a termination charge will apply, unless the customer satisfies the conditions specified in the Waiver Policy. The termination charge is 100% of the rates for the Minimum Service Period, if applicable, plus the Minimum Billing Level multiplied by the termination liability percentage specified in the service agreement, for the remaining term of the agreement.

- For example, if the customer discontinues service after 17 months of a 3-year (36 month) agreement, the termination charge will be the Minimum Billing Level for the service, multiplied by the termination liability percentage, multiplied by 19 months.
- If the customer discontinues service after 6 months of a 3-year (36 month) agreement, with a 1-year (12 months) Minimum Service Period, the Termination Charge will be 100% of the Minimum Billing Level for the remaining 6 months of the Minimum Service Period, plus the Minimum Billing Level multiplied by the termination liability percentage, multiplied by 24 months.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.3 PAYMENT FOR SERVICE

2.3.1 CUSTOMER RESPONSIBILITY

The customer is responsible for payment of all charges for facilities and services furnished the customer, including charges for services originated, or charges accepted, at such facilities.

2.3.2 PAYMENT OF BILLS

A. Prorating of Opening and Closing Bills

Opening and closing bills for business services will be prorated on the basis of a thirty-day month. Exceptions are services with a specific minimum billing period. On message rate service, the message allowance for a fraction of a month will also be prorated.

Bills rendered for establishment of residence services will be prorated on the basis of a thirty-day month. Final bills rendered after customer-requested discontinuance of residential service will not be pro-rated and service will remain available to the customer until the first day of the customer's next billing cycle, except as specified in Section 2.2.14.B.1.

B. Payment of Bills

1. All charges for exchange service, equipment, and facilities exclusive of charges for local messages in excess of the monthly allowance and toll message, are payable monthly in advance. Charges for local messages in excess of the monthly allowance and toll messages are payable monthly except that the Company reserves the right to require payment of such charges at more frequent intervals.
2. Where the rates and charges for a particular service are determined by applying a percentage or similar factor to a quoted rate or charge and such computation results in a fraction, the charge for the service shall be computed to the nearest cent, a half cent being increased to the next higher cent.
3. In the event a customer is indebted to the Company for charges and services previously rendered, or for service under one or more numbers at the same location, and the customer does not pay the charges or satisfy such indebtedness, the Company may charge and bill such indebtedness for a business account against the customer's business service.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.3 PAYMENT FOR SERVICE (Cont'd)

2.3.3 ADVANCE PAYMENTS AND DEPOSITS

A. Advance Payments

1. In accordance with the Company's practice of requiring that all regularly recurring charges for services, equipment, and facilities be paid monthly in advance, an applicant for telephone service, equipment or facilities, may be required to pay in advance at the time application for such is made, the installation charges and/or service and equipment charges applicable, together with at least 1 month's charges for the services, equipment, and facilities applied for, and where necessary, in the opinion of the Company, the estimated amount of construction charges. An applicant to buy facilities or equipment may be required to pay the sales price in advance, at the time of application, if in the opinion of the Company such is necessary to satisfy reasonable credit standards.
2. The amount of the advance payment will be credited to the customer's account and applied to any indebtedness under the contract for services, equipment, and facilities furnished, for any applicable rates and charges, and for toll messages.

B. Deposits

1. The Company adopts by reference "The Telephone Customer Relations Rules", codified at IDAPA 31.41.01000 et seq, by the Idaho Public Utilities Commission and all amendments to those rules which may be hereafter adopted by the Idaho Public Utilities Commission.
2. When the Company deems it necessary, in protecting its earned revenues, an applicant for service or a present customer may be required to make and keep intact a deposit in such amount as may be required from time to time by the Company as a guarantee of the payment of charges for services. The fact that a deposit has been made shall in no way relieve the applicant or customer from complying with the regulations of the Company as to advance payments and the prompt payment of bills on presentation, nor constitute a waiver or modification of the regular practices of the Company providing for the discontinuance of service for nonpayment of any sums due the Company for services rendered.
3. Copies of these Rules and Regulations are on file in every business office and are available for public inspection.

4. Residential Service

- a. The deposit will be returned to the customer in 12 months or less if the account of the customer has not been subject to temporary denial of service for nonpayment.
- b. The deposit may be monitored for as long as the deposit is required and may be increased when toll usage in a one-month period exceeds by \$50.00 or more the portion of the customer's deposit covering one month's toll usage. This portion equals one-half the deposit less the customer's non-toll monthly obligations. The Company may discontinue or refuse service to a customer for failure or refusal to pay an additional deposit which may be required.
- c. Qualifying applicants for **a Lifeline Assistance Program** may initiate service without paying a deposit if they voluntarily elect to have Toll Restriction on their line. Toll Restriction will be provided at no charge to TAP customers. (T)

5. Non-Residential Service

- a. The deposit will be returned to the customer within 18 months after the customer has established good credit.
- b. If, however, the average charges for basic exchange and toll service exceed \$100 per month, the Company may retain the deposit longer than 18 months.
6. Interest will be payable on all deposits at the rate determined by the IPUC pursuant to Commission rule IDAPA 31.41.01106. Interest will accrue from the date of the deposit until the date of refund or application to the customer's telephone bill.

2.3.4 ADJUSTMENT OF CHARGES

A. Interruptions

1. For the purpose of applying this provision, the word interruption shall mean the inability to complete calls either incoming or outgoing or both. Interruption does not include and no credit allowance shall be given for service difficulties such as slow dial tone, busy circuits or other network and/or switching capacity shortages.
2. The credit allowance will not apply where service is interrupted by the negligence or willful act of the customer or the failure of facilities provided by the customer, or where the Company, pursuant to the terms of this document, suspends or terminates service because of unlawful or improper use of the facilities or service, or any other reason covered by this document.
3. No credit allowance shall be made for interruptions due to electric power failure where, by the provisions of this document, the customer is responsible for providing electric power.
4. **When basic local exchange service is interrupted for a period of at least 24 hours and at the customer's request to the Company, the Company may provide a reasonable credit allowance as a gesture of goodwill to satisfy the customer for the inconvenience. Credit allowances will be limited to those service interruptions due to causes within the control of the Company; and, in any billing period shall not exceed the total charges for that period for the services and facilities which were rendered useless.**
5. Credit allowance for interruptions of message rate service will not affect the number of local messages or message units to which the customer is entitled during a given billing period.

2.3.5 PAYMENT PLANS

Rates for service and facilities continue monthly and are payable as specified in 2.3.2., except as modified by the following:

A. Installment Billing

1. Installment billing except as otherwise provided in this document is provided, at no extra charge, to assist our customers in obtaining adequate and up-to-date telephone service.
2. Installment billing provides for billing one time charges in monthly installments where a need for it is indicated. The monthly installments normally begin with the first bill rendered after completion of the arrangements between the Company and the customer.

2.4 LIABILITY OF THE COMPANY

2.4.1 SERVICE LIABILITIES

In view of the fact that the customer has exclusive control of his communications over the facilities furnished him by the Company, and of the other uses for which facilities may be furnished him by the Company, and because of unavailability of errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the following terms, conditions and limitations.

A. Limitations

NO LIABILITY SHALL ATTACH TO THE COMPANY FOR DAMAGES ARISING FROM ERRORS, MISTAKES, OMISSIONS, INTERRUPTIONS, OR DELAYS OF THE COMPANY, ITS AGENTS, SERVANTS OR EMPLOYEES, IN THE COURSE OF ESTABLISHING, FURNISHING, REARRANGING, MOVING, TERMINATING, OR CHANGING THE SERVICE OR FACILITIES (INCLUDING THE OBTAINING OR FURNISHING OF INFORMATION IN RESPECT THEREOF OR WITH RESPECT TO THE CUSTOMERS OR USERS OF THE SERVICE OR FACILITIES) IN THE ABSENCE OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

2.8 CABLE, WIRE AND SERVICE TERMINATION POLICY

The following Policy, effective September 1, 1996, applies to the termination of new cable/wire facilities in buildings under new construction or when there is a complete reinforcement of existing entrance facilities. The policy applies to facilities required to provide services at speeds of 1.544 Mbit/s and below. Due to technical requirements, services provided at speeds above 1.544 Mbit/s will be terminated per technical specifications.

A. Description

Based on options specified in D., following, the Company will place and maintain cable/wire facilities to a point of demarcation that is mutually acceptable to both the Company and the premises owner. The demarcation point location will be within 12" inches of the protector, or when there is no protector, within 12" inches (or as close as practicable) of the point at which the cable/wire enters the customer's premises.

Company network facilities includes the portion of an exchange access line circuit that commences at the Minimum Point of Entry (MPOE) and extends up to, and includes the demarcation point, at which point a Standard Network Interface (SNI) is placed. These facilities may include, but are not limited to, wiring enclosures, riser and house cable/wire facilities, protector units and the SNI Unit(s).

B. Terms and Conditions

1. All cable/wire, up to and including the SNI at the demarcation point, are facilities, managed and maintained by the Company.
2. Access to the Company's facilities on the Company's side of the demarcation point is prohibited.
3. The premises owner is responsible for the provision and maintenance of adequate space and supporting structure (e.g., conduit, poles, trenches) for all cable/wire facilities placed into, or within a private property. The Company may, at its discretion, modify requirements and charges to allow it to respond to competition.

4. When the repair of facilities is required on private property, it is the responsibility of the premises owner to provide suitable working space for repairs by the Company. This would include, but is not limited to, removing any required concrete or asphalt, the repair or replacement of supporting structure or to provide any required digging to access the damaged area.
5. The premises owner/customer has responsibility to provide, and/or maintain and manage the cable/wire beyond the demarcation point.
6. The Company will install and provide maintenance for cable/wiring beyond the demarcation point at the request of the premises owner/customer at appropriate charges.
7. It is the customer's responsibility to know where their facilities begin. The Company will not perform premises audits to determine demarcation point locations, without appropriate charges.
8. The premises owner shall be responsible for Company costs associated with the disruption of service to the customer if caused by other provider's access to Company equipment that serves as a common demarcation point for multiple customers. The premises owner is responsible for providing a secured location for the demarcation point, and also to limit access to authorized personnel only.

C. New Cable Facilities

1. Single Tenant Building(s)

If a building is occupied by a single tenant, then the premises owner must choose to have the Company locate the demarcation point (SNI) as outlined in either Options 1 or 4 in D., following.

2. Multi-Tenant Building(s)

The premises owner must choose one of the options outlined in D., following, for the premises demarcation location(s).

3. Campus Options

The premises owner may choose how the campus property and the buildings on the property will be provisioned with Company facilities. The choices of demarcation point location(s) are as follows:

- one location for the campus property (Option 4), or;
- designating demarcation points; in one or more building(s), following the single-tenant or multi-tenant guidelines for each building. (Options 1, 2 or 3 as outlined in D., following.)

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING**2.8 CABLE, WIRE AND SERVICE TERMINATION POLICY (Cont'd)****D. Premises Owner Choices**

There are four termination options which a premises owner may choose from. The options vary depending on the occupancy of the building(s).

In a campus environment, the premises owner may choose an option for each building.

- Option 1

All Company facilities will terminate at one location upon entering the building. This location will be mutually agreed upon by the Company and the premises owner or designee. Normally this location will be at the lowest common serving point. (This option is available for both single and multi-tenant premises.)

- Option 2

The Company will terminate facilities at common locations throughout the building (terminal rooms, utility closets, etc.). These locations will be mutually agreed upon by the Company and the premises owner or designee. The demarcation points will be accessible to end-users at these locations. (Option 2 is not an option for single tenant buildings).

- Option 3

The Company will terminate facilities at one mutually agreed upon location within each individual space/unit, within 12" (or a similarly reasonable distance) of cable/wire entry. (Option 3 is not an option for single tenant buildings.)

- Option 4

The Company will terminate facilities at one location on the property mutually agreed upon by the Company and the premises owner or designee. (This option is available for both single and multi-tenant premises.)

In situations where customers' telecommunications services are interrupted by natural disasters, the Company may offer alternative telecommunications services to customers in the immediate affected area, and waive otherwise applicable charges for those services. The availability and details of the offers, including, but not limited to, the maximum duration of the offer or waiver of any applicable charges, will be determined by the Company in each instance of natural disaster.

2.15 OBSOLETE SERVICES

Services and equipment referred to as obsolete are no longer suitable to meet the current needs of the general public. They will not be furnished as a new entire item of service to any customer or applicant.

As of March 1, 2022, changes, additions, or transfer of service will not be permitted on accounts associated with a grandfathered bundle or package or other grandfathered feature or service. This change does not impact services or features currently provided on grandfathered accounts. A grandfathered service is one that is no longer sold, and availability is limited to lines currently in service at existing locations. Changes, additions, or transfer of service will be allowed when customers migrate from a grandfathered service to a currently available service. Customers may remove any service or feature from their accounts at any time; however, grandfathered services removed may not be subsequently reinstated.

(N)

(N)

2.15.1 MONTHLY SERVICES

Certain items of service may be furnished where they are required to fully utilize the installed common equipment capacities of existing systems. At the discretion of the Company, such items presently being furnished to existing customers may be continued in service on the same premises for the same customer for a limited period of time subject to the ability of the Company to maintain the items without unreasonable expense and to obtain repair parts from existing or recovered stock.

4. CONSTRUCTION CHARGES AND OTHER SPECIAL CHARGES

4.1 GENERAL

1. The provision of telephone service may require the payment of a Line Extension, special or temporary construction charge by the customer ordering telephone service. These charges are in addition to the regular rates and charges applicable for the exchange service provided. If facilities are requested by a developer/builder for single family residential dwellings, a Provisioning Agreement for Housing Developments is required.
2. Advance payments or deposits for exchange service, if required under the regulations contained in Section 2 of this Catalog, shall be paid at the time agreement is made between the applicant and the Company to provide such exchange service.
3. With approval of the Company, arrangements may be made for the payment of Line Extension charges in monthly installments spread over a reasonable period, not to exceed one year. All unpaid installments become due upon termination of service.
4. With approval of the Company, a customer may furnish material, transportation, labor, board or lodging as all or part payment of the charge in lieu of cash.
5. Except as specifically provided for service station lines, the ownership of any pole line, circuit or other facilities provided wholly or in part at the expense of an applicant under this Catalog shall at all times be vested exclusively in the Company or another company with which the Company has a joint agreement.
6. Except as otherwise provided herein, the regulations in this Catalog contemplate that the type of construction required to provide the quantity and grade of telephone service involved will be determined by the Company. The customer will be required to pay the added costs involved when a different type of construction than that proposed by the Company is desired.
7. Where applicants are so located that it is necessary or desirable to use private and/or government right-of-way to furnish service, such applicants may be required to provide or pay the cost of providing such right-of-way including survey costs, in addition to any applicable charges.

4. CONSTRUCTION CHARGES AND OTHER SPECIAL CHARGES**4.1 GENERAL (Cont'd)**

8. Applicants who request service at a location where facilities have never existed, and the Company must extend facilities in order to provide the requested service may be required to pay Line Extension charges in addition to the rates and charges applicable to establish service. Additional charges may apply as provided in paragraphs 6. and 7., preceding, and for special types of construction, new areas of land development and temporary construction.
9. All necessary construction will be undertaken at the discretion of the Company consistent with budgetary responsibilities and consideration for the impact on the general body of subscribers.
10. Service station customers who request local exchange service will be classed as new applicants for the application of Line Extension charges. New service station customers will be assessed the appropriate Line Extension charge applicable at the point of connection.
11. The customer may request a detailed engineering quote to be performed to establish an estimated construction charge. The Company will provide an engineer's quote of the construction charges at no fee for the first quote. All quotes are valid for six (6) months from the date they are presented to the customer. If subsequent quotes are requested, there will be a \$300.00 fee for each subsequent quote. The fee will be applied as a credit to the construction charge bill when the customer notifies Qwest to begin construction within the six (6) month window described above. If the customer does not accept the quotation, then the \$300.00 fee is retained by the Company.
12. The Company may, at its discretion modify terms and conditions to allow it to respond to competition.

4. CONSTRUCTION CHARGES AND OTHER SPECIAL CHARGES

4.2 LINE EXTENSION CHARGES

1. Where telephone facilities are not in place to fulfill an applicant's request for local telephone service, CenturyLink, at its discretion, may extend its facilities to provide the requested service if the costs of the facility extension represent a prudent investment for CenturyLink.
2. Where the costs to extend facilities to accommodate an applicant's request for service do not represent a prudent investment, the applicant may be required to pay a line extension charge equal to all or a portion of the construction charges incurred by CenturyLink to extend the facilities. These charges are in addition to the regularly applicable rates and charges to establish service stated in CenturyLink's Catalog.
3. When the applicant is so located that it is necessary to use private right-of-way/easement to furnish service and CenturyLink is unable to obtain the required right-of-way/easement without cost, the applicant may be required to pay the cost incurred in securing, clearing and retaining such right-of-way. CenturyLink will not proceed with a requested line extension if a satisfactory right-of-way/easement is not provided,
4. For the purpose of this section, costs shall include all material, supplies, engineering, labor, supervision, transportation, and rights-of-way/easements for placing all facilities necessary to provide the requested service, including but not limited to channel equipment, feeder, distribution, and drop facilities, electronics, cards, and any applicable overhead, as determined by CenturyLink.
5. Where a line extension charge is applicable, payment will be required prior to the start of any construction related activity.

4.4 PROVISIONING AGREEMENT FOR HOUSING DEVELOPMENTS

A. Description

A Provisioning Agreement for Housing Developments (PAHD) is a contractual arrangement between the Company and the Developer/Builder for the provision of facilities to and within new areas of residential development.

B. Terms and Conditions

1. A PAHD is required for the following:

- a. Developments for the purpose of constructing single-family detached dwellings or two-family dwellings; multifamily dwellings; or a mix of single-family detached, two-family dwellings and multifamily dwellings.
- b. Developments for mobile home lots that are individually owned. The Company will provide facilities to a post provided by the owner of the mobile home or mobile home park. The post shall meet the specifications of the Company.
- c. RV parks platted for long-term residence. The Company will provide facilities to a post provided by the owner of the RV park. The post shall meet the specifications of the Company.

2. For the purpose of 4.4, a dwelling is any building or portion thereof which is designed or used exclusively for residential purposes. A single-family detached dwelling is designed for and occupied by not more than one (1) family. A two-family dwelling contains two (2) attached dwelling units, designed for and occupied by not more than two (2) families (also called a duplex). A multifamily dwelling is a dwelling containing three (3) or more dwelling units, designed for and occupied by an equal number of families.

B. Terms and Conditions (Cont'd)

3. The following do not fall under the provisions of 4.4.

- a. Developments containing less than four (4) single or two-family residential lots. These will be treated according to the terms set forth in the Company's line extension policy in effect at the time.
- b. Marinas.
- c. Mobile home parks, except as defined in 4.4.B.1.b.
- d. RV parks, except as defined in 4.4.B.1.c.

4. The PAHD will include, but is not limited to: a description of the development; a requirement that the Developer/Builder provide the Company with an addressed, recorded plat; trench and backfill requirements; conduit requirements; reasonable and necessary or otherwise mutually agreed upon requirements for easements, rights-of-way and other similar rights to access the property; surface grading requirements; target dates and inspection schedules; and charges to be paid by the Developer/Builder.

5. The terms and conditions of each PAHD may vary as appropriate and may include provisions that are different from or additional to those stated in 4.4.

6. Developer/Builders' Responsibilities and Charges

- a. When a Developer/Builder requests that the Company construct facilities pursuant to a PAHD, the Developer/Builder will be required to disclose whether or not the Developer/Builder has an arrangement or agreement with another provider to provide communications facilities and services. If the Developer/Builder has entered into an arrangement or agreement with another provider, the Company will not be obligated to place facilities to and within the development or enter into a PAHD with the Developer/Builder. 4.4 PROVISIONING AGREEMENT FOR HOUSING DEVELOPMENTS

B. Terms and Conditions (Cont'd)

6. (Cont'd)

b. If 4.4.B.6.a., preceding, does not apply, the following charges and responsibilities shall apply:

- (1) The Developer/Builder will provide, without expense to the Company, trench and backfill based on the specifications provided by the Company for the facilities within the development. The Developer/Builder will also provide, as specified by the Company and without expense to the Company, conduit with adequate pull string for the service drop from the serving pedestal or property line to the dwelling. In areas where the Company has trench and backfill agreements with other utilities, the Developer/Builder is responsible for the Company's trench and backfill costs.
- (2) The Developer/Builder shall provide at no cost to the Company a legally sufficient easement to accommodate the placing and maintenance of the facilities (e.g. distribution cables plus terminal pedestals or like devices and access point cabinets) throughout the development. The surface of the easements shall be brought to final grade prior to the installation of buried or underground facilities.
- (3) Where the Company deems it necessary or desirable to use private and/or government right-of-way to place facilities to and within the development, such Developer/Builder shall be required to provide or pay the cost of providing such right-of-way in addition to any other applicable charges. The route established shall be determined by the Company.
- (4) If in the opinion of the Company, construction to and within the development does not constitute a prudent investment, the Developer/Builder will assume that portion of the construction costs that exceed a prudent financial contribution by the Company. For the purpose of this section (4), construction costs are defined in 4.4.B.7., following.
- (5) The Developer/Builder may request an engineering quote to be performed to establish an estimated construction charge by the Company. For the purpose of 4.4, the Company will provide an engineering quote of the construction charges and an executable PAHD to the Developer/Builder for a fee of \$300.00. All quotes are valid for thirty (30) days from the date they are presented to the Developer/Builder. This fee is non-refundable.
- (6) All costs payable by the Developer/Builder shall be paid prior to the start of any construction.

4. CONSTRUCTION CHARGES AND OTHER SPECIAL CHARGES

4.4 PROVISIONING AGREEMENT FOR HOUSING DEVELOPMENTS

B. Terms and Conditions (Cont'd)

7. For the purpose of 4.4.B.6.b.(4), construction costs shall include all material, supplies, engineering, labor, supervision, transportation, and rights-of-way for placing and removal of distribution and feeder facilities, and all facilities necessary to provide service from the central office to and within the development, including but not limited to channel equipment, feeder, distribution, and drop facilities, and any applicable overhead, as determined by the Company.
8. For the purpose of 4.4, facilities means feeder facilities and distribution facilities, including but not limited to the communications cable, wire, standard network interfaces, pedestals and terminals necessary to enable end-users to arrange to have communications services to their living unit activated in the future from a standard network interface, as well as any necessary structures including but not limited to communications conduit, sleeveings, service drop and pull strings. Title to all facilities placed by or for the benefit of the Company to provide services to the development shall belong solely to the Company.
9. Facilities covered in the PAHD cannot be used for subsequent developments until they are covered by a new PAHD.
10. The Company shall not be required to provide facilities at the request of a Developer/Builder within new developments which meet any of the conditions listed in 4.4, absent the execution of PAHD.
11. To the extent that the terms and conditions in 4.4 or the PAHD conflict with any terms and conditions of any other section in this Catalog, the terms and conditions set forth in 4.4, and/or the PAHD agreement shall control.

C. Developer Non-Participation

If a Developer/Builder does not enter into a PAHD, the Company, at its option, may accept requests for service from individual customers in the subdivision/development area as provided for in the Company's line extension policy in effect at that time.

4.5.1 SPECIAL ASSEMBLIES, FACILITIES AND FINISHES OF EQUIPMENT

Rates and charges in connection with special assemblies, special facilities and special finishes of equipment will be based on the costs involved in each individual case.

(M)

4.6 OTHER CONSTRUCTION OR CONDITIONS

A. Special Types of Construction

1. Where a special type of construction is desired by a customer, such as where underground construction is requested in locations where aerial construction would be regularly used, or where conditions imposed by the customer involved excessive costs, or where underground construction is legally required by ordinance, covenant, tract restriction or otherwise, the customer or customers served by such facilities or the tract developer shall be required to pay the difference between the cost of the underground or other special type of construction and the average cost of construction normally used by the Company.
2. Where existing aerial facilities are requested to be relocated underground in an area where the Company would not, except for such request, relocate its facilities underground, the Company may charge the cost of such relocation to the persons requesting the relocation of such facilities.

B. Temporary Construction

Where temporary construction is necessary to provide service, the applicant will be required to pay a construction charge equal to the estimated net cost of installing and removing the temporary construction.

C. Construction Under Unusual Conditions

1. Where the service location is so isolated or inaccessible that the unit cost of construction is unreasonably excessive, a construction charge and/or monthly charge may be assessed.
2. Construction required to provide service on a seasonal basis may be subject to construction charges.
3. Construction required to provide service outside of exchange areas will be subject to construction charges equal to the entire cost of the construction beyond the exchange boundary.

105. OBSOLETE EXCHANGE SERVICES

As of March 1, 2022, changes, additions, or transfer of service will not be permitted on accounts associated with a grandfathered bundle or package or other grandfathered feature or service. This change does not impact services or features currently provided on grandfathered accounts. A grandfathered service is one that is no longer sold, and availability is limited to lines currently in service at existing locations. Changes, additions, or transfer of service will be allowed when customers migrate from a grandfathered service to a currently available service. Customers may remove any service or feature from their accounts at any time; however, grandfathered services removed may not be subsequently reinstated.

105.2 LOCAL EXCHANGE SERVICE

105.2.5 LOCAL SERVICE OPTIONS

A. Service Stations

1. Effective June 1, 2007, Suburban Service for residence customers is obsolete and no longer available to new customers. Existing customers in Rate Group 2 only may retain the obsolete service only as long as service remains at the same location.

1. Description

- a. Generally the Company will provide facilities for local exchange service within the exchange area. Where facilities are not in place or where unusual costs are involved, facilities may be provided in accordance with Section 4 of this Catalog.
- b. Service Station Service is offered as a means of providing telephone service in isolated and sparsely developed areas where it is not practicable for the Company to make facilities available or where to do so would impose excessive costs on the general body of customers.
- c. Service Stations may be connected with a CO of the Company.
- d. Service Station associations will be required to appoint a secretary or representative to transact all business with the Company. An association will be required to execute through its delegated representative, an agreement with the Company covering the privileges and obligations of either party to the other.
- e. After written notice, service may be discontinued on any line or lines at the option of the Company when the Service Station association or the owner of the Service Station line neglects or refuses to make such additions, replacements, changes, and repairs as may be necessary to place the line or lines and equipment in condition satisfactory to the Company for furnishing adequate service of the type established by the Company for the exchange zone area in which the Service Stations are located.

105.2 LOCAL EXCHANGE SERVICE

105.2.5 LOCAL SERVICE OPTIONS

A.1. (Cont'd)

- f. The Company may limit the number of telephones connected to a line in order that the general quality of telephone service may be maintained. The association's representative will report immediately to the Company any installations or removals of telephones on a Service Station line.
 - g. A line will not be terminated at more than one CO. Lines will not be interconnected except as provided through the Company's CO unless permission for such interconnection is granted in writing.
 - h. Both business and residence stations may be connected with the same service station line.
 - i. Except as specifically provided herein, the furnishing of service will be subject to standard rules and regulations. Where the provision of any equipment requires unusual installation, special charges based on cost may apply.
2. Service Stations Connected with a CO
- a. The local service area for customers will be the same as for other customers connected with the CO at which the Service Station line terminates. All customers on any one service station line must have the same local service area.
 - b. The Service Station rates shown herein provide for the necessary switching at the CO and allow each customer one listing in the alphabetical section of the directory.
 - c. Charges for exchange service, toll service, etc., will be billed against the individual Service Station customer or, in the case of Service Station associations, billing may be against the association. Bills against the association will be rendered in the name of the individual customers and sent to the authorized representative of the association for payment. The representative of the association will be held responsible for the payment of such accounts.

105. OBSOLETE EXCHANGE SERVICES**105.2 LOCAL EXCHANGE SERVICE****105.2.5 LOCAL SERVICE OPTIONS****A.2. (Cont'd)**

- d. Service Station Service is not furnished inside base, suburban, or locality areas. Ordinarily, all telephones must be located within the exchange zone area. Where connection is made with telephones located outside the exchange zone area, an extension of the exchange boundary to include the area involved should be considered. Where this is not practicable, additional rates and/or charges may be assessed, depending on the circumstances in each case.
- e. Extension stations may be connected with a Service Station System. Neither directory listings nor distinctive signals, such as code rings, will be furnished in connection with extension service.
- f. The Company will provide and maintain the necessary circuit between the CO and a mutually agreed upon junction point, usually at or near a base or locality area boundary. Service Station customers will be required to construct and maintain the necessary circuit or circuits and pole lines beyond such junction point. Where the agreed junction point is outside of the base, suburban, or locality area boundary, Line Extension Charges per Section 4. will apply.
- g. Special Service Arrangements
 - (1) Service Station circuits may, under separate agreement, be attached to poles of the Company.
 - (2) The regular main station line rates plus the appropriate nonrecurring charge and exchange zone increments will be applicable for each main station line connected.
 - (3) Where facilities are available, Service Station lines may connect with facilities of the Company at exchange zone boundaries. In such cases the individual line monthly incremental charge applicable within the exchange zone area will apply to each Service Station line in addition to regular rates and charges. The incremental charge will be apportioned equally among all stations on the line.
 - (4) Where facilities are available, Service Station lines may be connected with facilities of the Company at a location beyond the normal junction point. In such cases Private Line mileage charges will apply.

B. Combination Access Line Service

1. Description

- a. When two or more access lines, each at a different location in the same local service area, desire the capability of answering calls for one line or each of the lines at another location, such service will be provided subject to availability of facilities and in accordance with regulations and rates herein.
- b. Combination Access Line Service will be furnished in accordance with the following arrangements:
 - (1) Arrangement 1: When any one of the access lines is called, the bells at all locations will ring:
 - Code rings or distinctive signaling, intended to designate which line is being called, will not be permitted in connection with this arrangement.
 - The Company reserves the right to limit the number of lines furnished when in its opinion this is necessary to prevent impairment of the service.

- (2) Arrangement 2: When the first access line is called, the bell at the called line and the extension bell at the other location will ring; when the second line is called, the bell at that location only will ring:
- An extension bell will be required at the second location.
 - More than two access lines will not be permitted in connection with this arrangement.
- (3) Arrangement 3: When either access line is called, the bell at the called line and also, as provided below, a bell at the other location will ring:
- In those exchanges in which semi-selective code ringing is used, the two access lines may be so connected that the bells at both telephones will ring when either line is called, the particular line called being identified by the code used in ringing.
 - An extension bell will be required at each location except in those cases where the arrangement discussed in the above paragraph is adopted, in which case no extension bells will be required.
 - More than two access lines will not be permitted in connection with this arrangement.

2. Terms and Conditions

- a. Effective February 3, 1997, Arrangement 1 is no longer available.

Any Arrangement 1 remaining as of December 3, 1996, will be converted to Exchange Service Extension (ESE) specified in Section 13 of the Access Service Catalog, between December 3, 1996 and February 3, 1997. Conversion will be accomplished at no cost to the customer.

- b. Combination access line service will be furnished only in connection with individual line services.
- c. Combinations of flat and message rate services will not be permitted.
- d. A directory listing may be furnished with each access line under any of the arrangements for combination access line service.
- e. Combination access line service will be furnished only in connection with services for the same customer, business associates, members of the same family and when there is a business relationship, such as, service in a business location and service in the residence of an employee, etc.
- f. Custom Calling is not available with arrangement 2 or 3.

3. Rates and Charges

- a. Each access line will be charged for at the established individual line rate, and the appropriate business or residence rate will apply.
- b. Where combination access line service is furnished in connection with individual line message services, the local message allowances and message use for all lines are combined and excess local message charges are computed on the combined basis provided that all services involved are in the same billing period.
- c. FCO charges, as specified in the Access Service Catalog, will apply in addition to any other charges applicable when the access lines are not located in the same CO area in multioffice exchanges.
 - The charges specified in Paragraph d. above, will apply to combination access line services established subsequent to December 3, 1961, and to any existing services moved to a new location in the Boise Exchange.

A. Description

Call Manager Connection

Call Manager Connection is a package of services available to business customers. The services in this package are defined by the Company but the customer does have the choice of including, at no additional charge, Call Waiting or the Call Waiting feature which meets their needs, e.g. Call Waiting ID or *QWEST* Receptionist. The package includes:

- Call Rejection
- Call Forwarding-Variable
- Caller Identification-Name and Number
- Continuous Redial
- Priority Call
- Three-Way Calling

QWEST Receptionist

Allows the customer to control the disposition of incoming calls while in an off-hook condition via a visual display unit. As of January 7, 2012, this functionality is no longer supported due to the discontinuance of the manufacturer's equipment.

Additionally, provides for the delivery of the telephone number, including non-published and non-listed numbers, and/or the name associated with the telephone line used by the calling party to place the call. The number and name delivered to the customer's *QWEST* Receptionist are those provided by the telephone network to the customer's serving central office and the database consulted by the Company to determine the name associated with that number, respectively. The Company, in its sole discretion, may abbreviate and modify name information for display purposes.

105.5 PUBLIC COMMUNICATIONS SERVICE - COIN AND COINLESS

105.5.1 PUBLIC TELEPHONE SERVICE

(N)

A. Description

A public telephone provides pay telephone service to the public and is installed at the Company's initiative or option. The Company chooses or accepts the location as suitable or necessary for furnishing service to the general public.

B. Terms and Conditions

1. Public telephones are installed for the use of the general public and any use by occupants of the premises in which they are located is considered as incidental to this principal purpose.
2. The telephone will be removed or relocated when, in the opinion of the Company, the telephone or its contents may be subjected to theft or damage.
3. The Company will arrange with the owner or tenant of the premises for space and install the public telephones. Where desirable, additional arrangements will be made with the owner or tenant of the premises for supervision.
4. Enclosures and other items of supplemental equipment, and other facilities will be furnished without charge where such provision will improve the quality of the service from the standpoint of the general public.
5. The Company will furnish and display such of its standard signs as are necessary to properly advertise the station. At locations where it is necessary to secure a permit and pay a fee for the privilege of placing a sign, the owner or tenant may be required both to secure the permit and pay the fee.

C. Message Charges[1]

CHARGE

- Local messages, direct dialed,
per message \$0.50

105. EXCHANGE SERVICES

105.5 PUBLIC COMMUNICATIONS SERVICE - COIN AND COINLESS (Cont'd)

105.5.2 SEMIPUBLIC TELEPHONE SERVICE

A. Description

1. Semipublic Telephone Service provides pay telephone service to the customer who wishes to make the service available for combined customer and public use.
2. Semipublic Telephone Service is designed to meet telephone service requirements at the following types of locations:
 - Where, in the opinion of the Company, the installation of a public telephone is not warranted, but where there is a demand for service on the part of transients.
 - Where there is a collective use of the service by a relatively stable body of guests, members, employees, or occupants. Such use should be incidental and therefore not as a substitute for regular telephone service.

B. Terms and Conditions

1. The location of the semipublic telephone will be determined by the Company. The telephone will be removed or relocated when, in the opinion of the Company, the telephone or its contents may be subject to theft or damage.
2. The customer will reimburse the Company for any loss of or damage to the pay telephone instrument or enclosure from any source, including, but not limited to, theft of the collecting device or loss or damage due to fire or flood. See 3., following.
3. The Company has the right to require the redemption by the customer of all slugs and spurious, mutilated or foreign coins deposited in the coin receptacle at the value for which they were evidently deposited. The Company may disconnect and remove the pay telephone and any extension equipment if the customer refuses to honor these arrangements.

4. Semipublic Telephone Service is not designed to supplant regular telephone service and, as such, will be provided only upon request and where there is an apparent need for the service to be used by the public as well as the customer.
5. Semipublic Telephone Service will be furnished only on an individual line basis.
6. Semipublic Telephone Service is not provided on an FX basis nor in connection with combination access line service.
7. Joint Use Service will be permitted with Semipublic Telephone Service provided such joint use will not undesirably affect the availability of the service to the public.
8. Semipublic Telephone Service will be considered the same as business service for directory listing purposes. As such, the Semipublic Telephone Service rates and charges include one listing. Additional listings will be furnished at regular rates and charges.
9. The premises work and nonrecurring charges will not apply to moves and/or changes of semipublic telephones where, in the opinion of the Company, such moves or changes are primarily to improve the service rendered to the public.

11. Semipublic Telephone Service will not be permitted to appear on PBX or key telephone systems.
12. The Company will furnish and display, at the customer's request, such of its standard signs as are necessary to properly advertise the telephone. At locations where it is necessary to secure a permit and pay a fee for the privilege of placing a sign, the customer will be required to secure the permit and pay the fee.
13. Enclosures and other items of supplemental equipment will be provided in accordance with the terms and conditions, and rates and charges specified in D., following.
14. Customers must provide to Company personnel ready access to the telephone equipment during normal working hours. Failure to do so could result in a loss of semipublic service.
15. Only one instrument will be furnished and installed per semipublic line.
16. Semipublic Telephone Service is not represented as adapted for extension or data service. The service contemplates the provision of satisfactory voice transmission when only the main pay telephone is in use.
17. The Company may apply, at no charge, additional ancillary equipment to the semipublic telephone for the purpose of enhancing or protecting service. Equipment such as an amplified handset, loud button, slug rejection apparatus, and informational stickers are examples of this type of equipment.

105. EXCHANGE SERVICES**105.5 PUBLIC COMMUNICATIONS SERVICE - COIN AND COINLESS (Cont'd)****105.5.3 COINLESS PUBLIC TELEPHONE SERVICE****A. Description**

The Company may furnish public telephones without coin-collecting equipment in selected locations for the purpose of satisfying demand for optional billing services on an originating basis only. In the normal mode, Coinless Public Telephone Service affords transients the option of selecting a preferred billing arrangement for outgoing messages: charging to a third number or to a Company calling card account, or placing calls collect. In certain locations, however, calls will be billed on a collect basis only.

B. Terms and Conditions

1. Coinless Public Telephone users may normally place calls without charge to Company numbers such as repair service, 800/800-type service numbers, and public emergency service numbers such as 911. However, at the option of the Company, all such calls may be blocked from phones located in areas not accessible to the general public.
2. When service is furnished in areas accessible to the general public, the Company is solely responsible for determining locations appropriate for installation of Coinless Public Telephones.
3. Coinless Public Telephones may be provided on the premises of city, state, and Federal prisons where potential usage by inmates participating in institutionally authorized telephoning programs warrants establishing the service. Such telephones will be provided for the purpose of originating collect messages to numbers in the North American Dialing Plan only. All other traffic--including calls to Company numbers such as repair service, 800/800-type service numbers, and public emergency service numbers such as 911--may be blocked. Where prison authorities so stipulate, inmate service may be further restricted to toll calling only. The Company reserves the right to deny or terminate such service if unsatisfactory revenues or collection experiences are indicated.
4. Where requested by the institution, inmates will be allowed to make non-collect, no-charge, local calls to their designated legal counsel, attorney, or social agency as defined by the institution. This option will only be provided on accounts that fully recover costs.

105.5.3 COINLESS PUBLIC TELEPHONE SERVICE

B. Terms and Conditions (Cont'd)

5. Equipment

- a. Coinless Public Telephones may be wall-mounted or desk-type models, and are not equipped with coin-collecting devices or receptacles. They may be furnished with enclosures, shelves, and directories at the discretion of the Company depending upon location of the telephones.
- b. Extension service will not be provided with Coinless Public Telephones. However, where prison security arrangements restrict inmates from gaining access to a central Coinless Public Telephone location, the Company may elect to provide multiple jacks through which the telephone may be connected to the network at appropriate times.

C. Message Charges

Message charges, specified in 5.5.1, preceding, apply to calls placed from coinless public telephones.

105. EXCHANGE SERVICES**105.5 PUBLIC COMMUNICATIONS SERVICE - COIN AND COINLESS (Cont'd)****105.5.5 SEMIPUBLIC EXTENSION SERVICE****A. Description**

Semipublic Extension Service allows the customer to access the semipublic service at a location other than the semipublic telephone. The Semipublic Extension Service consists of:

- Extended Network Interface (ENI) - The ENI provides for the connection of Customer Premises Equipment to a semipublic telephone line as an extension to the main station. The ENI provides privacy to the main station and consists of a privacy kit, associated wiring, jack and a card holder. The ENI allows Limited Outward Dialing on Dial Tone First Lines only for all chargeable, non-sent paid calls, Three Digit Service numbers (411, 911, etc.) and 800/800-type service.
- Station or instrument can be connected to an ENI by a plug or adapter. The instrument must be registered Customer Premises Equipment.

B. Basis of Offering

1. Terminal equipment associated with this service which is directly connected at the customer's premises in accordance with any telephone Company's Catalog prior to January 1, 1983 is considered grandfathered and not subject to this provision. Existing rates and charges will apply as specified in 105.5.5.D.2., following. Any customer initiated moves, rearrangements, installation of new registered equipment or change of customer will revoke the grandfather status.
2. Customer Premises Equipment to be connected on or after January 1, 1983 will be subject to rates and charges contained in D.1., following.

C. Terms and Conditions

1. A maximum of one ENI per semipublic line is allowed.
2. The ENI must be requested by the customer and provided by the Company prior to the connection of any registered customer premises equipment to a semipublic line.

3. The customer is liable for damages to the ENI or associated Company provided equipment which, in the opinion of the Company, were caused by tampering with said equipment or as a result of negligence.
4. The Company has the right to terminate extension service to prevent harm to the network or to prevent fraud.
5. The Company is not liable for transmission difficulties caused by customer owned equipment defects or improper use of the ENI.
6. The Company is not liable for damages or harm arising from the customer use of this equipment unless such accident or injury is due to gross negligence of the Company.
7. The customer shall be responsible for the payment of a Maintenance of Service Charge (Premises Work Charge) for each visit by a Company employee to a customer's premises when the cause of a service difficulty or trouble report is determined to be the customer provided equipment or system.
8. This is a voice grade service, the Company is not responsible or liable for defects, mistakes, etc. associated with other types of transmissions, such as data.
9. The Company is not liable for damages resulting from discontinuance of service to customer premises equipment resulting from storms, power outages, or other natural occurrences.
10. The ENI should not be located, exposed or accessible within ten feet of the semipublic telephone.
11. The Company will provide a maximum of 35 linear feet of wire to the ENI.
12. Customer Premises Equipment must be registered or grandfathered in accordance with Part 68 of the FCC rules and must be connected to the network through standard plugs and standard Company provided jacks.

- a. Separate lines are used for each pay telephone instrument installed. Off premises extensions are not permitted.
- b. The customer must insure that the telephone sets used with Smart PAL Service are capable of rating sent-paid local calls and are compatible with, and cause no harm to the Company's network.

C. Responsibility of the Customer

- 1. The PAL customer shall be responsible for the installation, operation, and maintenance of any PSP pay telephone used in connection with this service. The PSP pay telephone must comply under Part 68 of the FCC Rules and Regulations.
- 2. The PAL customer is responsible for all rates and charges incurred on the Public Access Line. Toll adjustments will not be allowed on the PAL account, unless due to Company error.
- 3. The PAL customer will be responsible for any refund of coins lost or collected in error.
- 4. The Idaho Public Utilities Commission has established specific conditions for the connection of coin/coinless telephones to PAL lines. These conditions are set forth in Appendix A to Commission Order No. 19766 and subsequent rulings. Compliance with these terms and conditions is the responsibility of the PAL customer. A determination by the Idaho Public Utilities Commission that a PSP pay telephone does not comply with these conditions may result in the termination of the PAL service.
- 5. Optional toll calling plans, specified in 6.3, following, may be available to PAL Service customers. See individual Catalog section for restrictions.

- e. The monthly rate for Business *CUSTOMCHOICE* covered under the Rate Stabilization Plan (RSP) is guaranteed against Company initiated increases for the duration of the plan. The minimum RSP term is one year. The maximum RSP term is three years. Customers selecting an RSP will be sent a confirmation outlining the length of the commitment of the RSP and the method of computing the early termination charge. The confirmation will remind customers that the tariff provisions govern and the customer is obligated for the entire RSP commitment period. Rates will begin appearing on the first bill.
- f. Effective April 11, 2005, additional lines may not be added. The Termination Liability will apply on the same terms and conditions for lines installed prior to April 11, 2005.
- g. If the Company terminates the service for cause or the customer terminates the service in whole or in part without cause prior to the expiration date, the customer will pay termination charges. These charges are calculated at 15% of the remaining value of the terminated services over the remaining period, including any services added after the date of the original installation. Additional terms are specified in 2.2.14, preceding.
- h. A termination charge will be waived if the customer places an order to discontinue the service and replaces the line(s) within the Qwest region, or subscribes to similarly guaranteed Company services at 115% of the current value of the original commitment.
- i. A termination charge will be waived when customers change to *QWEST CHOICE* Business or *QWEST CHOICE* Business Plus described in 5.9.1, preceding, or the Business Line Volume Purchase Plan described in 5.2.13, preceding.

B. Terms and Conditions (Cont'd)

7. If Qwest terminates the Service(s) for Cause, or if a customer terminates the Services(s) in whole without Cause before the expiration date, the Customer will pay termination charges of \$15.00 per line of the customer's Minimum Line Requirement times the remaining number of months left on the Term. For example: a customer terminating all service with 3 months remaining on the Term and a Minimum Line Requirement of 50 lines will pay $\$15.00 \times 50 \times 3 = \$2,250.00$

Annually, if an account falls below the Minimum Line Requirement for the discount tier, the customer will pay a shortfall penalty of \$60.00 for each line below the Minimum Line Requirement.

A termination charge will be waived if the customer places an order to discontinue the service and replaces the line(s) within the Qwest region with similar Qwest contracted services equal to, or greater than, the remaining value of the commitment.

8. The customer may move the physical location of all or part of the lines in *LINE VOLUME ADVANTAGE* to another location within the Qwest region, or move within the following Qwest products, provided the new lines are provided to the customer by the Company:
 - Flat Rate Business Service (1FB) with Hunting
 - *QWEST CHOICE* Business
 - *QWEST CHOICE* Business Plus
 - Add-A-Line
 - *QWEST CHOICE* Business Prime
9. The Company may vary *LINE VOLUME ADVANTAGE* terms and conditions, excluding discount levels, to meet a specific customer's request provided the changes are mutually agreed upon by the customer and the Company.
