NEW CONNECTION:

Water Connection pd ck# 1112 Fee: \$ 1200.00

The fee associated with the water hook-up is \$1,200.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility water system and DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the water meter. It also DOES NOT include any costs associated with purchase or installation of pressure reducing and/or backflow prevention devices that may be necessary for your particular lot to properly connect to the system. Enclosed in the packet is the Irrigation Backflow Policy and the Backflow Test/Inspection Certification form. Fees are subject to change via IPUC Rules & Regulations.

All fees must be paid at least 30-days prior to connection. Work will only be scheduled after receipt of fees. StoneRidge Utility must inspect all work prior to backfill and/or completion.

Homeowners acknowledge that they are responsible for all costs associated with maintenance, repair and labor of all lines, pressure reducing and/or backflow prevention devices or parts and materials necessary for the water system to function properly from the meter to the home.

Note: There may be additional charges for variations on normal connection requirements, such as line extensions to property, installation of meter set and service line to main, boring under roads and or fixing asphalt, etc. Work would be performed by licensed/bonded public works contractor. Documentation of contractor's license will need to be approved by StoneRidge Utilities. Work will need to be inspected and approved by StoneRidge Utilities.

- ☐ Pump to treatment facility
- ☐ Pump to drain field
- ☐ Onsite septic/drain field

The fee for sewer hookup is \$10,000.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility sewer system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines. It also DOES NOT include any costs associated with purchase or installation of septic tanks or pumping equipment that may be necessary for your particular lot to properly connect to the system.

CONTRIBUTION IN AID OF CONSTRUCTION TO EXPAND THE SYSTEM

There is a Cap Ex fee (operating expense) of \$2800.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines

Homeowners acknowledge that they are responsible for all costs associated with maintenance, repair and labor of all lines, pressure reducing and/or backflow prevention devices or parts and materials necessary for the water system to function properly from the meter to the home.

Fees are subject to change until payment in FULL is received.

All fees must be paid prior to issuing "will serve" letter. Work will only be scheduled after receipt of fees. StoneRidge Utility must inspect all work prior to backfill and/or completion.

Note: There may be additional charges for variations on normal connection requirements, such as line extensions to property, installation of meter set and service line to main, boring under roads and or fixing asphalt, etc. Work would be performed by licensed/bonded public works contractor. Documentation of contractor's license will need to be approved by StoneRidge Utilities. Work will need to be inspected and approved by StoneRidge Utilities.

Exploratory digging for water line, as there was no existing water line in the location of the home accessible for homeowners use. Line Extension to opposite side of road from residence. Bored under the road, installed water meter in location, then had to uninstall the meter and relocate it due to the fact we needed the entire side of the road to be able to access water in the future.

| TOTAL PAYMENT | \$ <u>1,200</u> |

RECEIVED DATE: January 18, 2019
RESPONSE DATE: March 27, 2019

WATER CONNECTION:

The fee associated with the water hook-up is \$1,200.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility water system and DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the water meter. It also DOES NOT include any costs associated with purchase or installation of pressure reducing and/or backflow prevention devices that may be necessary for your particular lot to properly connect to the system. Enclosed in the packet is the Irrigation Backflow Policy and the Backflow Test/Inspection Certification form

SEWER CONNECTION:

- ☐ Gravity to treatment facility
- ☐ Pump to treatment facility
- ☐ Pump to drain field
- ☐ Onsite septic/drain field

The fee for sewer hookup is \$10,000.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility sewer system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines. It also DOES NOT include any costs associated with purchase or installation of septic tanks or pumping equipment that may be necessary for your particular lot to properly connect to the system.

CONTRIBUTION IN AID OF CONSTRUCTION TO EXPAND THE SYSTEM

There is a Cap Ex fee (operating expense) of \$2800.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines

Homeowners acknowledge that they are responsible for all costs associated with maintenance, repair and labor of all lines, pressure reducing and/or backflow prevention devices or parts and materials necessary for the water system to function properly from the meter to the home.

Fees are subject to change until payment in FULL is received.

All fees must be paid prior to issuing "will serve" letter. Work will only be scheduled after receipt of fees. StoneRidge Utility must inspect all work prior to backfill and/or completion.

Note: There may be additional charges for variations on normal connection requirements, such as line extensions to property, installation of meter set and service line to main, boring under roads and or fixing asphalt, etc. Work would be performed by licensed/bonded public works contractor. Documentation of contractor's license will need to be approved by StoneRidge Utilities. Work will need to be inspected and approved by StoneRidge Utilities.

RECEIVED DATE: _____

RESPONSE DATE: _____

WATER CONNECTION:

The fee associated with the water hook-up is \$1,200.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility water system and DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the water meter. It also DOES NOT include any costs associated with purchase or installation of pressure reducing and/or backflow prevention devices that may be necessary for your particular lot to properly connect to the system. Enclosed in the packet is the Irrigation Backflow Policy and the Backflow Test/Inspection Certification form

SEWER CONNECTION:

- ☐ Gravity to treatment facility
- ☐ Pump to treatment facility
- ☐ Pump to drain field
- ☐ Onsite septic/drain field

The fee for sewer hookup is \$10,000.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility sewer system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines. It also DOES NOT include any costs associated with purchase or installation of septic tanks or pumping equipment that may be necessary for your particular lot to properly connect to the system.

CONTRIBUTION IN AID OF CONSTRUCTION TO EXPAND THE SYSTEM

There is a Cap Ex fee (operating expense) of \$2800.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines

Homeowners acknowledge that they are responsible for all costs associated with maintenance, repair and labor of all lines, pressure reducing and/or backflow prevention devices or parts and materials necessary for the water system to function properly from the meter to the home.

Fees are subject to change until payment in FULL is received.

All fees must be paid prior to issuing "will serve" letter. Work will only be scheduled after receipt of fees. StoneRidge Utility must inspect all work prior to backfill and/or completion.

Note: There may be additional charges for variations on normal connection requirements, such as line extensions to property, installation of meter set and service line to main, boring under roads and or fixing asphalt, etc. Work would be performed by licensed/bonded public works contractor. Documentation of contractor's license will need to be approved by StoneRidge Utilities. Work will need to be inspected and approved by StoneRidge Utilities.

WATER CONNECTION:

The fee associated with the water hook-up is \$1,200.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility water system and DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the water meter. It also DOES NOT include any costs associated with purchase or installation of pressure reducing and/or backflow prevention devices that may be necessary for your particular lot to properly connect to the system. Enclosed in the packet is the Irrigation Backflow Policy and the Backflow Test/Inspection Certification form

SEWER CONNECTION:

- ☐ Gravity to treatment facility
- ☐ Pump to treatment facility
- ☐ Pump to drain field
- ☐ Onsite septic/drain field

The fee for sewer hookup is \$10,000.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility sewer system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines. It also DOES NOT include any costs associated with purchase or installation of septic tanks or pumping equipment that may be necessary for your particular lot to properly connect to the system.

CONTRIBUTION IN AID OF CONSTRUCTION TO EXPAND THE SYSTEM

There is a Cap Ex fee (operating expense) of \$2800.00. I understand that this fee is only for the right to connect onto the StoneRidge Utility system. This fee DOES NOT include any costs associated with the purchase of parts or installation necessary to do the physical connection from one's home to the system collection lines

Homeowners acknowledge that they are responsible for all costs associated with maintenance, repair and labor of all lines, pressure reducing and/or backflow prevention devices or parts and materials necessary for the water system to function properly from the meter to the home.

Fees are subject to change until payment in FULL is received.

All fees must be paid prior to issuing "will serve" letter. Work will only be scheduled after receipt of fees. StoneRidge Utility must inspect all work prior to backfill and/or completion.

Note: There may be additional charges for variations on normal connection requirements, such as line extensions to property, installation of meter set and service line to main, boring under roads and or fixing asphalt, etc. Work would be performed by licensed/bonded public works contractor. Documentation of contractor's license will need to be approved by StoneRidge Utilities. Work will need to be inspected and approved by StoneRidge Utilities.
